The Ski-Doo was originally intended to be named the "Ski-Dog" because Bombardier meant it to be a practical vehicle to replace the dogsled for hunters and trappers. By accident, a printer misinterpreted the name and printed "Ski-Doo" in the first sales brochure. Public interest in the small snowmobiles grew quickly.

The story of the company that was founded by the inventor of the snowmobile
In 1942, Joseph-Armand Bombardier invented the snowmobile and founded his company to manufacture them. From its humble beginnings as an entrepreneurial company in rural Quebec, led by an enterprising inventor, Bombardier Inc. has emerged as a global leader in the transportation industry. This book tells the fascinating tale of this remarkably well managed company that has enjoyed spectacular growth in its chosen markets through strong leadership and management strategy, succession planning, strategic diversification, and turnaround and acquisition artistry. The fascinating story of the world's largest rail manufacturer for both railway and subway Reveals why Bombardier Inc. is a multi-faceted global company yet nobody knows their name Written by Larry MacDonald
