A renowned Jaguar expert offers a comprehensive historical review of the highly collectable XJS series of coupes, cabriolets and convertibles with particular emphasis on quality evaluation, maintenance and upgrades. Jaguar XJS takes the reader through the 20-year history of a model series which, after a lukewarm reception in 1975 by Jaguar enthusiasts who expected a replacement for the famed E-Type, matured through many evolutions into some of the most stylish cars ever to wear the Jaguar badge, earning along the way an enviable reputation on the international motor racing scene.

The XJ40, mainstay of Jaguar production from 1986 to 1994, was the last saloon in which Sir William Lyons had any styling involvement. It broke new ground with its technological sophistication and, despite electronic and body problems, was the saloon which reintroduced the marque to a younger buying public. Today the XJ40 -- more reliable than previous models and economic to buy and run -- is an important 'entry level' model for first-time Jaguar buyers and has a large following. It is an ideal candidate for the You & Your series which provides an 'ownership companion' approach for relatively recent cars of strong enthusiast interest.

"The Witches' Almanac" has long featured black and white images of beautiful woodcuts, fantastical creatures, tarot cards, astrological features and constellations, as well as line drawing selected from the folklore of our global community. "The Witches' Almanac Coloring Book" brings together a larger format of these images presented in past Almanacs (in addition to images that have not been presented) allowing the inner artist to emerge in a mediation of color. Neatly packed into seven distinct sections, the first fittingly is Woodcuts. When they first appeared in Europe, woodcuts had thick outlines and little shading. A printer inked the block and applied light pressure to transfer the lines to paper. After the ink dried, another craftsman might color the images by hand. In other words, the process was very much like a coloring book today, except that today you are the colorist. The six remaining sections are Constellations, The Planets, Creatures, Egyptian, Americas and Tarot. Each provides for the artist the space to meditate on the imagery imbuing each with color. The aspiring Tarot reader should especially enjoy the final section where each of the 22 Major Arcana and the four Aces are provided.

This book tells the story of how John Egan gradually overcame the odds and, piece by piece, rebuilt this great company, winning over the workforce, the overseas dealers and, most important of all, the customers. Working with Margaret Thatcher and her Government, Egan and his team of managers overcame every obstacle, every set-back, every challenge. Again and again, it looked impossible. Yet using innovative techniques, intelligence, eloquence, openness, motor racing and much more, they saved this most charismatic company which has created some of the finest and most loved motor cars of all time. It is an amazing story that will appeal equally to car enthusiasts, those in business and readers interested in social history.
