Wojnarowicz ' s art is not supposed to look good over a sofa. His art is for when we all go into that dark cold night, for those times when our own voice raging is the only companion to our loneliness, for those times when fairness and life evaporate, and as truly starving artists, only art can save us. 7 Miles a Second.

The graphic novel depicts Wojnarowicz's childhood of prostitution and drugs on the streets of Manhattan, through his adulthood living with AIDS, and his anger at the indifference of government and health agencies.

Each morning he sails in search of food, crossing paths with others from this makeshift community--from outsiders like himself to the depraved and ruthless elite--all struggling to maintain a sense of normalcy in a city drowned in its past. But everything changes when he encounters both a mysterious woman and a trapped blue whale. Will they be each other's salvation . . . or destruction? An eco-fiction fable of epic proportions, POST YORK is an expansion of the Eisner nominated one-shot, and includes an environmental fact sheet, and other bonus material. JAMES ROMBERGER is an Eisner-nominated cartoonist, fine artist and artist of the graphic novels 7 Miles a Second, The Late Child and Other Animals, Bronx Kill and Aaron and Ahmed. "James Romberger...is in the highest horror-comics tradition."--The New York Times Book Review "Romberger's art is a fine version of bony realism - his figures are so casually realistic, you can almost see the joints moving."--Entertainment Weekly

The “ fierce, erotic, haunting, truthful ” memoirs of an extraordinary artist, activist, and iconoclast who lit up late-twentieth-century New York (Dennis Cooper). One of the New York Times ’ “ 50 Best Memoirs of the Past 50 Years ” David Wojnarowicz ’ s brief but eventful life was not easy. From a suburban adolescence marked by neglect, drugs, prostitution, and abuse to a squalid life on the streets of New York City, to fame—and infamy—as an activist and controversial visual artist whose work was lambasted in the halls of Congress, all before his early death from AIDS at age thirty-seven, Wojnarowicz seemed to be at war with a homophobic “ establishment ” and the world itself. Yet what emerged from the darkness was a truly extraordinary artist and human being—an angry young man of remarkable poetic sensibilities who was inordinately sympathetic to those who, like him, lived and struggled outside society ’ s boundaries. Close to the Knives is his searing yet strangely beautiful account told in a collection of powerful essays. An author whom reviewers have compared to Kerouac and Genet, David Wojnarowicz mesmerizes, horrifies, and delights in equal measure with his unabashed honesty. At once savage and funny, poignant and sexy, compassionate and unforgiving, his words and stories cut like knives, leaving indelible marks on all who read them.

David Wojnarowicz's fractured scrapbook of dream journals, political critique and collage--an ultra-rare document of 1980s New York subculture David Wojnarowicz's In the Shadow of Forward Motion was originally published as a photocopied zine/artist's book to accompany an exhibition of the same name at PPOW Gallery in 1989. Despite its meager print run of just 50 copies, the publication has garnered a legendary status, and for good reason. In it we find, for the first time, Wojnarowicz's writing and visual art, two mediums for which he is renowned, playing off each other in equal measure. We glimpse the artist's now iconic mixed-media works, with motifs of ants, locomotives, money, tornados and dinosaurs, juxtaposed with journal-like texts or "notes towards a frame of reference" that examine historical and global mechanisms of power symbolized through the technology of their times. Wojnarowicz uses the fractured experience of his day-to-day life (including dreams, which he recorded fastidiously) to expose these technologies as weapons of class, cultural and racial oppression. The artist's experience living with HIV is a constant subject of the work, used to shed light on the political and social mechanisms perpetuating discrimination against not only himself, but against women and people of color, who faced additional barriers in their efforts to receive treatment for the illness. Rooted in the maelstrom of art, politics, religion and civil rights of the 1980s, the book provides a startling glimpse into an American culture that we have not yet left behind. Félix Guattari provides an introduction. Painter, photographer, writer, filmmaker, performance artist, songwriter and activist, David Wojnarowicz was born in Redbank, New Jersey, in 1954 and died of AIDS in New York in 1992. The author of five books--most famously Close to the Knives: A Memoir of Disintegration--Wojnarowicz attained national prominence as a writer and advocate for AIDS awareness, and for his stance against censorship.

From life in the streets and love in the alleys to fame in the spotlight and an untimely death—raw, biting, and brilliant selections from the personal journals of one of the most uniquely creative artists of the late twentieth century When his life ended at age thirty-seven—a casualty of the AIDS epidemic that took so many before their time—David Wojnarowicz had long since established himself as one of America ’ s most vital artists and activists. In the Shadow of the American Dream is a stunning collection of riveting and revealing chapters from Wojnarowicz ’ s extensive personal diaries—thirty volumes ’ worth of

memories and lucid observations, some bitter, some sweet—that the author began writing when he was seventeen and continued until his death two decades later. Here is a brilliant chronicle of an artist's emergence—a young man's still achingly fresh memories of his unhappy adolescence and his glorious discovery of self. Wojnarowicz recalls his life on Manhattan's Lower East Side with no shame or regret, and shares his hitchhiking journeys across the country. He talks of art and love and sex—embracing who he is fully and accepting his heartbreaking fate without pathos—while providing fascinating glimpses into the vibrant and colorful New York art scene and poignant views of life and death among the AIDS community. At once frightening and courageous, joyous and disturbing, enlightening and honest, *In the Shadow of the American Dream* is a treasured addition to the enduring literary legacy of David Wojnarowicz and a true testament to his unique brilliance.

Sex work is a subject of significant contestation across academic disciplines, as well as within legal, medical, moral, feminist, political and socio-cultural discourses. A large body of research exists, but much of this focuses on the sale of sex by women to men and ignores other performances, practices, meanings and embodiments in the contemporary sex industry. A queer agenda is important in order to challenge hetero-centric gender norms and to develop new insights into how gender, sex, power, crime, work, migration, space/place, health and intimacy are understood in the context of commercial sexual encounters. *Queer Sex Work* explores what it might mean to 'be', 'do' and 'think' queer(ly) in the study and practice of commercial sex. It brings together a multiplicity of empirical case studies – including erotic dance venues, online sex working, pornography, grey sexual economies, and BDSM – and offers a variety of perspectives from academic scholars, policy practitioners, activists and sex workers themselves. In so doing, the book advances a queer politics of sex work that aims to disrupt heteronormative logics whilst also making space for different voices in academic and political debates about commercial sex. This unique and multidisciplinary volume will be indispensable for scholars and students of the global sex trade and of gender, sexuality, feminism and queer theory more broadly, as well as policymakers, activists and practitioners interested in the politics and practice of sex work in local, national and international contexts.

*No Straight Lines* showcases major names such as Alison Bechdel, Howard Cruse, and Ralf Koenig (one of Europe's most popular cartoonists), as well as high-profile, crossover creators who have dabbled in LGBT cartooning, like legendary NYC artist David Wojnarowicz and media darling and advice columnist Dan Savage. *No Straight Lines* also spotlights many talented creators who never made it out of the queer comics ghetto, but produced amazing work that deserves wider attention. Queer cartooning encompasses some of the best and most interesting comics of the last four decades, with creators tackling complex issues of identity and a changing society with intelligence, humor, and imagination. This book celebrates this vibrant artistic underground by gathering together a collection of excellent stories that can be enjoyed by all. Until recently, queer cartooning existed in a parallel universe to the rest of comics, appearing only in gay newspapers and gay bookstores and not in comic book stores, mainstream bookstores or newspapers. The insular nature of the world of queer cartooning, however, created a fascinating artistic scene. LGBT comics have been an uncensored, internal conversation within the queer community, and thus provide a unique window into the hopes, fears, and fantasies of queer people for the last four decades. These comics have forged their aesthetics from the influences of underground comix, gay erotic art, punk zines, and the biting commentaries of drag queens, bull dykes, and other marginalized queers. They have analyzed their own communities, and their relationship with the broader society. They are smart, funny, and profound. *No Straight Lines* has been heralded by people interested in comics history, and people invested in LGBT culture will embrace it as a unique and invaluable collection.

"A poetic account of self-discovery and self-loathing"--Amazon.com.

Autobiographical stories and drawings by the artist and AIDS activist featured in the new documentary by Chris McKim. For most of his life, David Wojnarowicz considered himself the ultimate outsider and a true invisible man. "I'm a blank spot in a hectic civilization," he writes in this fierce and unforgettable collection of four blistering autobiographical pieces, illustrated with his own arresting ink drawings. Wojnarowicz, who died of AIDS in New York City at the age of thirty-seven, left behind a body of work that was staggering in its variety and originality. Painter, writer, photographer, performance artist, and filmmaker, he made an indelible mark on virtually every stage of the national arts scene. Yet nowhere does his anger, love, or compassion show itself as strongly as in his writing, which earned a Lambda Literary Award and prompted critics to call him the Jack Kerouac of his generation. The horrors of Wojnarowicz's past inform his literature—his years spent as a child prostitute and living homeless on the New York streets, his outspoken, very public battle against the disease that would eventually take his life, and the entrenched government bureaucracy that sat by and did nothing. The world as seen through Wojnarowicz's eyes in these four masterful short works is stark, cruel, and cold—and yet gloriously alive, ennobled by surprising acts of heartrending humanity. *Memories That Smell Like Gasoline* is a celebration of sorts: of sex, of love, of art, and of having truly lived.
