Kullberg and Arrington weave together inspiration and illumination, thereby engaging both heart and mind with each daily devotion. In this collection of short, accessible readings, they explore significant ideas, people, and events from a Christian worldview.

Renew Your Sense of WonderRefresh Your EducationLearn and Grow with Christian Thought Leaders including: • Dallas Willard • John Eldredge • Michael Behe • Frederica Matthews-Green • Darrell Bock • William Lane Craig • R. C. Sproul • Randy Alcorn • J. P. MorelandKelly Monroe Kullberg and Lael Arrington offer a daily guided tour through many of the paintings, laboratories, rock arenas, great books, mass movements, and private lives that have shaped the ways in which we think and live. This cultural devotional will inspire us to go beyond critique to creativity as we make something true, good, and beautiful of the lives and the world God has given us.Explore significant ideas, people, and events from a Christian worldview in a format that fits your busy life. A Faith and Culture Devotional will help bridge the artificial gap between learning truth and loving God—inspiring you with the wonder at the genius, power, and beauty of Jesus Christ.

For those who want to love God with their hearts and minds, editors Kelly Monroe Kullberg and Lael Arrington weave together both inspiration and illumination throughout this collection of daily readings. Faith and Culture: A Guide to a Culture Shaped by Faith translates the ideas of today ' s Christian thought leaders, delivering them in accessible portions that fit into anyone ' s busy schedule. Each chapter interacts with one of seven recurring themes: the Bible and theology, literature, history, contemporary culture, the arts, science and math, and philosophy. Along the way, Kullberg and Arrington explore significant ideas, people, and events from a distinctly Christian worldview. Some of the readings in this book include: Thee Secret Gospels (the Bible and theology), Slavery (history), A Response to God ' s Beauty (art), Globalization (contemporary culture), and more Each day spent with this illuminating guide will inspire readers to wonder at the genius, power, and beauty of Jesus.

This reference offers reliable knowledge about women's diverse faith practices throughout history and prehistory, and across cultures. • Offers nearly 300 reference articles by international scholars of religion, women, and history • Provides an overview of the religious experiences of women across time, faiths, and cultures • Devotes sections to particular religious traditions to provide information about the role of women and the feminine devine within those faiths • Presents reference information about the experiences of women within religions • Directs the user to additional resources via suggestions for further reading and an end-of-work bibliography

One hardly known but fascinating aspect of the Cold War was the use of the holy Virgin Mary as a warrior against atheist ideologies. After the Second World War, there was a remarkable rise in the West of religiously inflected rhetoric against what was characterised as " godless communism ". The leaders of the Roman Catholic Church not only urged their followers to resist socialism, but along with many prominent Catholic laity and activist movements they marshaled the support of Catholics into a spiritual holy war. In this book renowned experts address a variety of grassroots and Church initiatives related to Marian politics, the hausse of Marian apparitions during the Cold War period, and the present-day revival of Marian devotional culture. By identifying and analysing the militant side of Mary in the Cold War context on a global scale for the first time, Cold War Mary will attract readers interested in religious history, history of the Cold War, and twentieth-century international history.

This 50th-anniversary edition, with a new foreword by the distinguished historian Martin E. Marty, who regards this book as one of the most vital books of our time, as well as an introduction by the author never before included in the book, and a new preface by James Gustafson, the premier Christian ethicist who is considered Niebuhr ' s contemporary successor, poses the challenge of being true to Christ in a materialistic age to an entirely new generation of Christian readers.

"How can God be a father?" a Muslim student asks. "He was never married " Whether fielding questions from Muslim students, getting lost in Hong Kong's back alleys, or surviving an earthquake in Java, long-term missionary Rosella M. Kameo has learned to expect the unexpected and see the world through different eyes. In Light for the Journey, she draws on her wealth of cross-cultural experiences with wit and gentle wisdom to reflect on the truth of God's word, challenging readers to question their cultural assumptions and see their faith in a new light. This insightful resource can be used as a devotional for personal study or meditation, a guide for small-group discussion, or a sourcebook for sermon illustrations. Each of the seventy-five meditations in Light for the Journey includes: a relevant Scripture verse a story from the author's experience with a universal reflection three questions for study or discussion a prayer Whether you have lived in another culture or enjoy traveling the world by armchair, you will cherish these inspirational devotions that celebrate God's grace.

Recipient of the Frank S. and Elizabeth D. Brewer Prize of the American Society of Church History for 2007 Faith in the Great Physician tells the story of how participants in the evangelical divine healing movement of the late nineteenth century transformed the ways Americans coped with physical affliction and pursued bodily health. Examining the politics of sickness, health, and healing during this period, Heather D. Curtis encourages critical reflection on the theological, cultural, and social forces that come into play when one questions the purpose of suffering and the possibility of healing. Curtis finds that advocates of divine healing worked to revise a deep-seated Christian ethic that linked physical suffering with spiritual holiness. By engaging in devotional disciplines and participating in social reform efforts, proponents of faith cure embraced a model of spiritual experience that endorsed active service, rather than passive endurance, as the proper Christian response to illness and pain. Emphasizing the centrality of religious practices to the enterprise of divine healing, Curtis sheds light on the relationship among Christian faith, medical science, and the changing meanings of suffering and healing in American culture.

Daily Devotions for People Who Hate Daily Devotions Let ' s face it. A lot of Christian resources can feel cheesy, out-of-touch, and a little boring. But when Skye Jethani started doodling and writing up some of his thoughts about God, his Twitter and email list blew up. What If Jesus Was Serious? is a compilation of all-new reflections (and hand-drawn doodles) from Skye. He takes a look at some of Jesus ' most demanding teachings in the Sermon on the Mount and pushes us to ask whether we ' re really hearing what Christ is saying. The visual component of the book makes it memorable and enjoyable to read, and Skye ' s incisive reflections make it worthwhile for any Christian. If you ' ve traditionally been dissatisfied with Christian devotional resources but love to learn about Jesus and think deeply, this book was written for you.

This book examines evangelical dieting and fitness programs and provides a systematic approach of this diverse field with its wide variety of programs. When evangelical Christians engage in fitness and dieting classes in order to " glorify God, " they often face skepticism. This book approaches devotional fitness culture in North America from a religious studies perspective, outlining the basic structures, ideas, and practices of the field. Starting with the historical backgrounds of this current, the book approaches both practice and ideology, highlighting how devotional fitness programs construe their identity in the face of various competing offers in religious and non-religious sectors of society. The book suggests a nuanced and complex understanding of the relationship between sports and religion, beyond ' simple ' functional equivalency. It provides insights into the formation of secular and religious body ideals and the way these body ideals are sacralized in the frame of an evangelical worldview.
