In this groundbreaking study, Bruce McConachie uses the primary metaphor of containment—what happens when we categorize a play, a television show, or anything we view as having an inside, an outside, and a boundary between the two—as the dominant metaphor of cold war theatergoing. Drawing on the cognitive psychology and linguistics of George Lakoff and Mark Johnson, he provides unusual access to the ways in which spectators in the cold war years projected themselves into stage figures that gave them pleasure. McConachie reconstructs these cognitive processes by relying on scripts, set designs, reviews, memoirs, and other evidence. After establishing his theoretical framework, he focuses on three archtypal figures of containment significant in Cold War culture, Empty Boys, Family Circles, and Fragmented Heroes. McConachie uses a range of plays, musicals, and modern dances from the dominant culture of the Cold War to discuss these figures, including The Seven Year Itch, Cat on a Hot Tin Roof, The King and I, A Raisin in the Sun, Night Journey, and The Crucible. In an epilogue, he discusses the legacy of Cold War theater from 1962 to 1992. Original and provocative, American Theater in the Culture of the Cold War illuminates the mind of the spectator in the context of Cold War culture; it usss cognitive studies and media theory to move away from semiotics and psychoanalysis, forging a new way of interpreting theater history.

More than a chronicle, America in the Round is a critical history that reveals how far Washington D.C.'s Arena Stage could go with its budget and racially liberal politics, and how Arena both disputed and duplicated systems of power. With an innovative "in the round" approach, the narrative simulates sitting in different parts of the arena space to see the theatre through different lenses--economics, racial dynamics, and American identity.

Provides an examination of the American dream in classic literary works.

First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

The landmark play A Raisin in the Sun takes its title from a Langston Hughes poem which poss the questions "What happens to a dream deferred? Does it dry up like a raisin in the sun?" Focusing on a working-class African-American family in Chicago who save enough to purchase either a business in a black neighborhood or a house in a white neighborhood, the plays exposes issues of racism and gender as the women of the family make important decisions that push against both racial and gender lines. This volume discusses gender in the play, looking at how the female characters fight both racism and male chauvinism, how the play is dominated by strong female characters, and how characters resist the stereotype of the emasculating female. The book also presents contemporary perspectives on race and feminism in the twenty-first century. Contributors include Barbara Ehrenreich, Jewelle L. Gomez, and Sharon Friedman.

Presents a reference on African American literature providing profiles of notable and little-known writers and their works, literary forms and genres, critics and scholars, themes and terminology and more.

One of the few books of its kind, Acting Up and Getting Down brings together seven African American literary voices that all have a connection to the Lone Star state. Covering Texas themes and universal ones, this collection showcases often-overlooked literary talents to bring to life inspiring facets of black theatre history. Capturing the intensity of racial violence in Texas, from the Battle of San Jacinto to a World War I –era riot at a Houston training ground, Celeste Bedford Walker’s Camp Logan and Ted Shine’s Ancestors provide fascinating narratives through the lens of history. Thomas Meloncon’s Johnny B. Goode and George Hawkins’s Br'er Rabbit explore the cultural legacies of blues music and folktales. Three unflinching dramas (Sterling Houston’s Driving Wheel, Eugene Lee’s Killingsworth, and Elizabeth Brown-Guillory’s When the Ancestors Call) examine homosexuality, a death in the family, and child abuse, bringing to light the private tensions of intersections between the individual and the community. Supplemented by a chronology of black literary milestones as well as a playwrights’ canon, Acting Up and Getting Down puts the spotlight on creative achievements that have for too long been excluded from Texas letters. The resulting anthology not only provides new insight into a regional experience but also completes the American story as told onstage.
