Contains a collection of essays on the history of Manichaeism in Mesopotamia and the Roman Empire published by the author between 1981-1992.

This volume brings together the selected papers of the Fribourg-Utrecht symposium Augustine and Manichaeism in the Latin West, organized on behalf of the International Association of Manichaean Studies. It contains a considerable number of contributions by leading authorities on the subject, focussing on both the diffusion of Mani's religion in the Latin West and its substantial impact upon

St. Augustine.

This book offers a reconstruction and analysis in context of the Disputationes, a treatise of Mani's missionary Adimantus. In it, Adimantus, like Marcion, placed parts of the Old and New Testament opposite each other.
