"Wisdom is not a product of schooling but of the lifelong attempt to acquire it." Albert Einstein was quoted as saying. I think the big mistake in schools is trying to teach children anything, and by using fear as the basic motivation. Fear of getting failing grades, fear of not staying with your class, etc. Interest can produce learning on a scale compared to fear as a nuclear explosion to a firecracker. This book presents a new learning style evident with today's students and addresses accounting industry changes as well. This textbook is not written as a reference text, rather it is written in another form where knowledge can be bridged and tested through questions and answers in a multiple choice format. The answers to the questions are provided towards the back pages of the text. The book will not in small measure assists students in preparation for their regular academic and professional exams. The book basically advanced topics in Management Accounting. It is good starting point for students, financial analysts, Stockbrokers, accountants, corporate gurus and managers of businesses. Happy Studying
