simple formula devised by a large and powerful Chinese family led to the "credit default swaps" bust. Read how astrology and a fascination for gemstones played into the banking operations of the super-rich. What are the long-term goals of the most powerful international cabals? In this latest installment of his remarkable series of books of alternative science and history, Joseph P. Farrell outlines the consistent pattern and strategy of bankers in ancient and modern times, their desire to usurp the money creating and issuing power of the state, substituting a facsimile of money-as-debt. Here, Farrell peels back the layers of deception to reveal the possible deep physics that the "banksters" have used to aid them in their financial policies.

Oxford-educated historian Joseph P. Farrell really delivers in this latest addition to his best-selling book series on suppressed technology, Nazi survival and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control few people even suspect exists. Farrell delves into the creation of a breakaway civilization by the Nazis in South America and other parts of the world. He discusses the advanced technology that they took with them at the "end" of World War II and the psychological war that they waged for decades against America and NATO. He shows how the breakaway civilization has created a huge system of hidden finance with the involvement of the Vatican Bank (among others), and how NATO established a large covert warfare network and political slush fund. He investigates the secret space programs currently sponsored by the breakaway civilization and the current

militaries in control of planet Earth. Farrell includes a fascinating discussion of “ emulational ” technologies (those that can manipulate acts of god/nature, like earthquakes and storms) from the standpoint of the culture of “ full spectrum dominance ” and the culture of “ plausible deniability ” -yes, there are plans for mass destruction that can never be traced back to their real source. Farrell also discusses the historical origin of the breakaway civilization with the continuing airship mystery; incredibly bold counterfeiting operations; and the nexus of spy satellites, nuclear weapons and UFOs. He includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret super-finance and technology.

Oxford-educated historian Joseph P. Farrell delivers the sequel to his best-selling *Covert Wars and Breakaway Civilizations*, part of his book series on suppressed technology, Nazi survival, secret finance and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control that very few people even suspect exists. Farrell delves deeper into the breakaway civilizations created by the Nazis in South America and other parts of the world. He elaborates on the advanced technology that they took with them at the “ end ” of World War II and shows how they created a huge system of hidden finance with the involvement of leading financial institutions around the world. He exposes the secret space programs used by the breakaway civilizations and reveals the clash of civilizations—a virtual secret

war going on around us. He investigates the current space secrecy that involves UFOs, suppressed technologies and the hidden oligarchs who control planet Earth for their own gain and profit. Farrell probes the mystery surrounding Dr. Kurt Debus and his links to NASA and Werner von Braun. He uncovers the covert operations of Richard Bissell, the flying saucer designs of Alfred Loedding and T. Townsend Brown, and strange activity on Mars involving UFOs. He explains the magneto-hydrodynamic anti-gravity drives that would easily power such craft. He includes a continued discussion of “emulational” technologies (those that can imitate acts of god/nature, like earthquakes and storms) from the standpoint of the culture of “full spectrum dominance” and the culture of “plausible deniability.” Farrell includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret oligarchies and super technology.

Part conspiracy theory, part popular science, *Genes, Giants, Monsters and Men* explores the possibility that the history of the human race is not as simple as has been taught in textbooks. Farrell considers how the religious stories that have often been the core basis for mankind's understanding of where it belongs in the history of creation may actually reveal a planet occupied with tyrannical giants and an elite race bent on genetic mutation.

The much-anticipated sequel to Joseph P. Farrell's "Babylon's Banksters." The banksters have moved from Mesopotamia to Venice...

There is ample evidence across our solar system of cataclysmic and catastrophic destruction events. The asteroid belt, for example, may be the remains of an exploded planet! The known planets are scarred from incredible impacts, and teeter in their orbits due to causes heretofore inadequately explained. Rejecting the naturalist and materialist assumptions of catastrophism forwarded by other researchers, Farrell asserts that it is time to take the ancient myths of a Cosmic War in the heavens seriously. Incorporating extraterrestrial artifacts, cutting-edge ideas in contemporary physics, and the texts of ancient myths into his argument, Farrell maintains that an ancient interplanetary war was fought in our own solar system with weapons of extraordinary power and sophistication. In doing so, he offers a solution to an enigma that has long mystified researchers, disclosing a cause of that ancient war, the means by which it was waged, and the real nature of the secret technology behind the ancient “ Tablets of Destinies. ” It is all here, folks! The history of the Exploded Planet hypothesis, and what mechanism can actually explode a planet. The role of plasma cosmology, plasma physics (even plasma paleophysics) and scalar physics. The ancient texts telling of such destructions: from Sumeria (Tiamat ' s destruction by Marduk), Egypt (Edfu and the Mars connections), Greece (Saturn ' s role in the War of the Titans) and the ancient Americas.

Consider the possibility that the history of the human race is not as simple as what has been taught in classroom textbooks. Consider the possibility that the evolutionary

scientific explanation for mankind has ignored critical facts that are buried deep within the fossils and mankind's DNA. Consider the possibility that the religious stories that have often been the core basis for mankind's understanding of where it belongs in the history of creation may actually reveal a planet occupied with tyrannical giants and an elite highly intelligent race bent on genetic mutation. As horrifying as such possibilities are, *Genes, Giants, Monsters, and Men* sets forth a plausible theory revealing a hidden history of mankind and a possible reason that it has remained veiled for hundreds of thousands of years. With his well-documented style and breathtaking conclusions, Dr. Joseph P. Farrell pulls back the veil and takes the reader on an odyssey behind the mysterious history and myths of the human race. Joseph P. Farrell is a recognized scholar whose credentials include a PhD in philosophy from the University of Oxford. His literary contribution is a veritable resumé unto itself covering such fields as Nazi Germany, sacred literature, physics, finances, the Giza pyramids, and music theory. A renowned researcher with an eye to assimilate a tremendous amount of background material, Farrell is able to condense the best scholastic research in publication and draw insightful new conclusions on complex and controversial subjects.

Physicist Joseph Farrell is amazing sequel to 'The Giza Death Star' which takes us from the Great Pyramid of Giza to the asteroid belt and the so-called Pyramids of Mars.
