But this morning is different: last night Elle and her oldest friend Jonas crept out the back door into the darkness

and had sex with each other for the first time, all while their spouses chatted away inside. Now, over the next twenty-four hours, Elle will have to decide between the life she has made with her genuinely beloved husband, Peter, and the life she always imagined she would have had with her childhood love, Jonas, if a tragic event hadn't forever changed the course of their lives. As Heller colors in the experiences that have led Elle to this day, we arrive at her ultimate decision with all its complexity. Tender yet devastating, *The Paper Palace* considers the tensions between desire and dignity, the legacies of abuse, and the crimes and misdemeanors of families.
