Like Volume one, Volume two of *The Russo-Japanese War in Global Perspective* examines the Russo-Japanese War in its military, diplomatic, social, political, and cultural context. In this volume East Asian contributors focus on the Asian side of the war to flesh out the assertion that the Russo-Japanese War was, in fact, World War Zero, the first global conflict of the 20th century. The contributors demonstrate that the Russo-Japanese War, largely forgotten in the aftermath of World War I, actually was a precursor to the catastrophe that engulfed the world less than a decade after the signing of the Treaty of Portsmouth. This study also helps us better understand Japan as it emerged at the beginning of its fateful 20th century.

Written to allow those learning Italian or brushing up on their skills to study on their own at their own pace, this guide acquaints readers with the basic elements of Italian grammar and vocabulary, gradually giving them the skills and facility to speak, read, write, and understand the language. Unlike most other texts, it focuses on grammar and situations relevant to traveling in Italian-speaking countries and to situations germane to everyday life in Italy. Includes a pronunciation guide, appendixes with grammar references, and an extensive glossary.

Dante Alighieri's *Divine Comedy* has, despite its enormous popularity and importance, often stymied readers with its multitudinous characters, references, and themes. But until the publication in 2007 of Guy Raffa's guide to the *Inferno*, students lacked a suitable resource to help them navigate Dante's underworld. With this new guide to the entire *Divine Comedy*, Raffa provides readers—experts in the Middle Ages and Renaissance, Dante neophytes, and everyone in between—with a map of the entire poem, from the lowest circle of Hell to the highest sphere of Paradise. Based on Raffa's original research and his many years of teaching the poem to undergraduates, *The Complete Dante worlds* charts a simultaneously geographical and textual journey, canto by canto, region by region, adhering closely to the path taken by Dante himself through Hell, Purgatory, and Paradise. This invaluable reference also features

study questions, illustrations of the realms, and regional summaries. Interpreting Dante's poem and his sources, Raffa fashions detailed entries on each character encountered as well as on many significant historical, religious, and cultural allusions.

The impending disaster has thrown governments around the world into chaos, and the end as Dr. Shidou Yurizaki predicted it is fast approaching. Illegal coils, Collectors, Adrastea-everything will play a role in the upcoming plan!

French vocabulary book + French dictionary This French vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic French-English as well as English-French dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This French learning resource is a combination of French vocabulary book and a two-way basic French dictionary: Part 1 - Topic based French vocabulary book: This is the main part of the book and represents a list of chapters each containing French vocabularies for a certain topic. The French vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-French dictionary: The index in the second half of the book can be used as a basic French dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic French-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for French words and directly find the English translation How to use this French vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The French dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the French translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic French dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning French and comes in particularly handy at times when there is no internet to look up words and phrases.
