Financial Management by Khan and Jain is one book in the Indian market which deals with topics following step-by-step learning approach backed by large number of solved problems. Keeping in line with the previous editions, this 8th edition brings out the explanation of theories, concepts and techniques explicitly, with more excel integration in the text. This book will be useful to both finance managers and management students. Salient Features: - Updated text aligned with new SEBI guidelines and change in CSR policies - Rich pedagogy - Excel integration-based template made available online. - Web supplements - For instructors: Lecture slides - For Students: Additional cases, solved problems, chapter end solution to numerical review questions

Essentials of Corporate Finance offers a focused choice for instructors teaching the fundamentals of value creation by offering a balance of intuitive conceptual understanding, problem solving and analysis, and decision making skills. Students who understand the intuition underlying the basic concepts of finance are better able to develop the critical judgments necessary to apply financial tools in real decision-making situations. Authors Bob Parrino, Tom Bates, and David Kidwell present a concise treatment of foundational topics while maintaining the same effective Learning by Doing pedagogy found in the successful Fundamentals edition. With WileyPLUS, students come to class prepared after working through Orion's adaptive learning module, develop problem solving skills with instant feedback on their work, and are guided through examples with Animated Learning by Doing.

This book is a brief, 2-color, paperback version of Dessler's Management: Leading People and Organizations in the 21st Century 2/e. It covers all key topics in management, in a traditional Planning, Organizing, Leading, and Controlling framework. Chapter topics include managing in the 21st century, managing in a global environment, making decisions, planning and setting objectives, strategic
