California is at a crossroads. For decades a global leader, inspiring the hopes and dreams of millions, the state has recently faced double-digit unemployment, multi-billion dollar budget deficits and the loss of trillions in home values. This atlas brings together the latest research and statistics in a graphic form that gives shape and meaning to these numbers. It shows a new California in the making, as it maps the economic, social, and political trends of a state struggling to maintain its leadership and to continue to offer its citizens the promise of prosperity. Among the world's largest economies, California is the nation's agricultural powerhouse, high tech crucible and leader in renewable energy. The state is the most populous and most diverse state in the continental U.S. Yet its infrastructure is coming under increasing pressure. Water supply systems are strained, the legendary highways are over capacity, and the celebrated system of public schooling is unable to

attempts to forge a new identity in the midst of unprecedented challenges.

Illustrated with original maps and drawings, this stunning exploration of the world's hidden geographies reveals the moving villages, secret cities and no man's lands that will inspire urban explorers, off-the-beaten-trail wanderers and armchair travelers. 25,000 first printing.

California Out of the Box uses story as a basis for an interdisciplinary exploration of Golden State history, life and earth science, geography, social studies, the arts, and more! The content spans prehistory through the 1930s. This homeschool/progressive education curriculum includes a teacher guide with comprehension questions, reproducible student pages (for within a family), and answer keys; it is geared for students in grades 3-6, but suggestions are included for families with younger siblings. Note: families must purchase the 8 historical fiction and resource books separately, or request them from their local library.
