Provides information on using an iPad in a professional environment, covering such topics as iCloud, email, video conferencing, remote access, PDFs, eBooks, notes and meetings, presentations, task management, business graphics, and billing and finance.

The translation of the Hebrew Bible into Greek was the first major translation in Western culture. Its significance was far-reaching. Without a Greek Bible, European history would have been entirely different - no Western Jewish diaspora and no Christianity. Translation and Survival is a literary and social study of the ancient creators and receivers of the translations, and about their impact. The Greek Bible served Jews who spoke Greek, and made the survival of the first Jewish diaspora possible; indeed, the translators invented the term 'diaspora'. It was a tool for the preservation of group identity and for the expression of resistance. It invented a new kind of language and many new terms. The Greek Bible translations ended up as the Christian Septuagint, taken over along with the entire heritage of Hellenistic Judaism, during the process of the Church's long-drawn-out parting from the Synagogue. Here, a brilliant creation is restored to its original context and to its first owners.

Case formulation is a key skill for mental health practitioners, and this book provides examples of ten case formulations representing the most common mental health problems in a variety of populations and contexts, offering commentary on contrasting formulations of the same case. Provides an overview of the general features of case formulation and how it can drive treatment Features clinical cases from a variety of populations, focusing on a range of different problems Covers all the major theoretical perspectives in clinical practice ? behavioural, cognitive behavioural, psychodynamic, medical , and eclectic Offers commentary on contrasting formulations of the same case for five different clinical problems

THE HEIMLICH AND OTHER MANEUVERS, a comic novel by Haskell Barkin, is a departure from his writing on such TV series as THE TWILIGHT ZONE, TALES FROM THE DARKSIDE, and as story editor on JAYCE AND THE WHEELED WARRIORS. There was evidence of Huck's humor in "Act Break" from TWILIGHT ZONE and "Would You Do It for a Penny?"--his 1967 humorous collaboration with Harlan Ellison from PLAYBOY MAGAZINE--but now his comedy bursts out in this tale of Ezra Popkin, a Hollywood writer whose creative collaborator has abandoned him after 20 years, whose architect wife insists on perpetually remodeling their home, and whose agent excels at environmental activism (but agenting, not so much).

The Chinese Consumer Market examines the changing consumer business environment in China and offers predictions about the evolution of the Chinese consumer market in the different sectors as well as the likely strategic implications for global consumer oriented companies. The first book is in English made by Chinese researchers with a Chinese viewpoint of developments Provides the management implications in different sectors of the Chinese economy Predicts future trends

Explains how to build complex scripting functionality with minimal coding, providing coverage of functions ranging from incorporating Ajax apps and overcoming the limits of HTML and CSS to building plug-ins and using animation. Original.

Here, in one volume, is a selection of the core and essential writings by internationally renowned scholar, mystic, and author Ernest Holmes, providing readers with a library of the most important ideas in the religious psychology that Holmes defined. The Essential Ernest Holmes comprises selections from classic works such as This Thing Called You, The Science of Mind textbook, and Creative Mind and Success--but also included are brilliant passages from some of Holmes's lesser-known works, such as The Voice Celestial, as well as a generous sampling from articles and lectures. The book features remembrances of the beloved sage and teacher from the works of his contemporaries; a chronology of Holmes's life and work; and an accessible introduction by editor Jesse Jennings that frames Holmes's body of ideas for all readers.

Presents literary criticism on the works of classical and medieval philosophers, poets, playwrights, political leaders, scientists, mathematicians, and writers from other genres. Critical essays are selected from leading sources, including published journals, magazines, books, reviews, and scholarly papers. Criticism includes early views from the author's lifetime as well as later views, including extensive collections of contemporary analysis.
