Restored to its proper position as the final book in the canon as arranged in the order of the Hebrew Bible, it is rather to be understood as a work of theology essentially directed towards the future. The Chronicler begins his work with the problem facing the whole human race in Adam-the forfeiture of the ideal of perfect oneness with God's purpose. He explores the possibility of the

restoration of that ideal through Israel's place at the centre of the world of the nations. This portrayal reaches its climax in an idealized presentation of the reign of Solomon, in which all the rulers of the earth, including most famously the Queen of Sheba, bring their tribute in acknowledgment of Israel's status (Volume 1). But the Chronicler's message is one of hope. By a radical transformation of the chronology of Israel's past into theological terms, the generation whom the Chronicler addresses becomes the fiftieth since
