IDEAS members work individually and collaboratively in Scottish schools supporting global citizenship, learning for sustainability and rights across the curriculum. They work across all sectors, from early years to secondary, mainstream and special, offering a range of services.

IDEAS for Global Citizenship—Schools

The approach recommended in Scotland, and developing in many Scottish schools, is to embed citizenship across the curriculum and through the wider life of the school, rather than to teach it as a separate subject. Its fundamental purpose is to prepare young people for political, social, economic, cultural and educational participation in society.

Education for Citizenship

Citizenship education is taught in schools, as an academic subject similar to politics or sociology. It is known by different names in different countries - for example, ' citizenship education ' in the UK, ' civics ' in the US, and ' education for democratic citizenship ' in parts of Europe. The different names for the subject is mirrored in the different approaches towards citizenship education adopted in different countries. These are often a consequence of the unique historical and ...

Citizenship education (subject)—Wikipedia

Overall, the highest courts in at least 32 states have explicitly stated that preparation for capable citizenship is the primary purpose or a primary purpose of the education clause of their state constitutions. (The other 18 state courts have not spoken on the issue.) The courts have not, however, enforced these understandings.

A Save the Children project in four inner city primary schools fired the children's enthusiasm for Citizenship Education. Reva Klein describes how the human rights approach trialled in these schools can be adopted by teachers to involve children in this new curriculum subject at Key Stages One and Two. The book supports teachers in two ways: it presents the main Human Rights legislation in the UK and Europe that is relevant to children and those working with them in schools; it offers guidance on classroom activities for each year of primary school that have been proven to engage children and foster their learning; The book will be invaluable in all primary schools. It will also be essential reading for teacher trainers and for all courses on citizenship education at primary level.

This clear and user-friendly text provides practical guidance on how to incorporate citizenship into the curriculum. It offers a wealth of teaching aids including: * tried-and-tested photocopiable materials * case studies * suggested teaching strategies * comprehensive reference and resource section. Nick Clough and Cathie Holden are fully experienced in the field having both taught in primary and middle schools and both now specialise in providing citizenship education courses for trainee teachers and practising teachers. This up-to-date book will help engage those teaching (and studying) the new requirement of Education for Citizenship at Key Stages 2 and 3, and along with lively examples of pupils' work and discussions of the changes to the QCA guidelines regarding citizenship, they provide a comprehensive and complete resource. It is also of immense value to curriculum coordinators and to those wishing to know more about the thinking behind education for citizenship.

What are the key issues in Citizenship Education today? Debates in Citizenship Education encourages student and practising teachers to engage with and reflect on some of the key topics, concepts and debates that they will have to address throughout their career. It places the specialist field of Citizenship Education in a wider context and aims to enable teachers to reach their own informed judgements and argue their points of view with deeper theoretical knowledge and understanding. Taking account of recent policy and controversies, expert contributors provide a balance of experience and perspectives and cover a wide range of classic and contemporary topics including: Theoretical Perspectives on Citizenship Education; International Comparative Perspectives on Citizenship Education; Citizenship Education, Race and Community Cohesion; Climate Change and Sustainable Citizenship Education; ICT and Citizenship Education; Ethics and Citizenship Education; Assessment of Citizenship Education.
