This is a Self-Help book. Its primary thrust is to create an awareness that Personal Success is only possible when the individual is wired for Success. What do we mean by that? The person needs to be in congruent with the universe. Working hard is not the prime answer to success. It is through internalizing Personal Excellence, (PE) and being in sync with the universe, allowing for the outcomes to be manifested. In this book, we walk the reader through the process of explaining that they need to accept the fact that they will have to change. They will have to raise their standard and that they will be functioning at a Peak State. Its only when this shift happens will transformation and breakthroughs materialize, thereby manifesting their outcomes. This is achieved only when they have a mindset shift. I extend it to include a heart set and soul set shift. To scale their mindset up, we expose them to various rituals and pattern shifts, and definitive habit changes. The above will not happen if this book is treated a leisure reading novel. At the start of the book we make mention this book is like a companion to them for the next 90 days. They are to read it as a Self Help book with work exercise and practices that they go through for Self Mastery. The ultimate intent is to learn how to use this hidden power of their Body, Mind and Soul (BMS) properly and unleash the magic within each of them, such that they could reflect on their life to see the journey and be proud of the trail blazer of a life they have left behind. A legacy "Your life of Significance".
