(1) This series is a collaboration of two authors who originally wrote "Dusty" as a fanfic. The fans loved the fanfic and wanted a physical copy of the book. Dusty was a huge book at 1229 pages so the authors came together and divided it into 2 parts: Innocents and Delinquents.

(2) "Jar of Hearts" by Christina Perri inspired this series.

Delinquents (Dusty #2) Mary Elizabeth. I'm sorely acquainted with the hardships that come along with being Thomas' safe spot. Stretching out on my back, I slide my arms and legs between cool sheets that still smell illicitly sweet but bring no comfort. Wasted words and meager memories hold love's place around me, and I've given up on trying to

It's hard living on the wrong side of the tracks. Lowen Seely has a criminal record to prove it. Determined not to follow in his father's footsteps, he fights instinct and tries honesty. But hunger becomes painful, and bills are due. Forced to choose between what is right and wrong, the boy from the hood learns abiding by the rules is nearly impossible when corruption is in your blood. Falling for an outlaw has changed everything. Poesy Ashby is the definition of ride or die, even when it means turning her back on freedom. The girl from the suburbs gives conformity the middle finger. Bonnie and Clyde have nothing on her love story. On the run with consequences in the rearview mirror, Lowen and Poesy accept the truth: they are the bad guys. But can they get away with their crimes?

A raw and surprisingly beautiful coming-of-age memoir, *Coal to Diamonds* tells the story of Mary Beth Ditto, a girl from rural Arkansas who found her voice. Born and raised in Judsonia, Arkansas—a place where indoor plumbing was a luxury, squirrel was a meal, and sex ed was taught during senior year in high school (long after many girls had gotten pregnant and dropped out) Beth Ditto stood out. Beth was a fat, pro-choice, sexually confused choir nerd with a great voice, an eighties perm, and a Kool Aid dye job. Her single mother worked overtime, which meant Beth and her five siblings were often left to fend for themselves. Beth spent much of her childhood as a transient, shuttling between relatives, caring for a sickly, volatile aunt she nonetheless loved, looking after sisters, brothers, and cousins, and trying to steer clear of her mother's bad boyfriends. Her punk education began in high school under the tutelage of a group of teens—her second family—who embraced their outsider status and introduced her to safety-pinned clothing, mail-order tapes, queer and fat-positive zines, and any shred of counterculture they could smuggle into Arkansas. With their help, Beth survived high school, a tragic family scandal, and

a mental breakdown, and then she got the hell out of Judsonia. She decamped to Olympia, Washington, a late-1990s paradise for Riot Grrrls and punks, and began to cultivate her glamorous, queer, fat, femme image. On a whim—with longtime friends Nathan, a guitarist and musical savant in a polyester suit, and Kathy, a quiet intellectual turned drummer—she formed the band Gossip. She gave up trying to remake her singing voice into the ethereal wisp she thought it should be and instead embraced its full, soulful potential. Gossip gave her that chance, and the raw power of her voice won her and Gossip the attention they deserved. Marked with the frankness, humor, and defiance that have made her an international icon, Beth Ditto's unapologetic, startlingly direct, and poetic memoir is a hypnotic and inspiring account of a woman coming into her own.

Gabriella Mason is damaged. Teller Reddy is wrecked. Misery loves company, and that's exactly what Ella gets the afternoon her path crosses with Teller's: the misunderstood premed student who instantly becomes her lifeline when she moves to Los Angeles, an attempt at escaping her heartbreaking past. In the beginning, Lonely and Defensive complete each other. But in the end, their relationship is like broken glass-cutthroat and jagged. Calling it off before they kill each other, Ella and Teller decide to "just be friends" despite the intensity that binds them together. It's a delicate foundation rocked by tragedy, effectively destroying the illusion they've so carefully built. Unable to deny what's between them any longer, this is what happens when wrecked and damaged collide and close is still not close enough.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among

Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Much like *€ The Jungle, € King Coal €* is a novel about the abismal working conditions of coal miners. It is loosely based on the 1914 Colorado coal strikes. It is typical of his critical novels by being told from the perspective of the little guy and a struggling union. *King Coal* offers plenty for historians of early labor unions or those who just enjoy a story about the underdog.
