Seeing is Understanding. The first VISUAL guide to marine diesel systems on recreational boats. Step-by-step instructions in clear, simple drawings explain how to maintain, winterize and recommission all parts of the system - fuel deck fill - engine - batteries - transmission - stern gland - propeller. Book one of a new series. Canadian author is a sailor and marine mechanic cruising aboard his 36-foot steel-hulled Chevrier sloop. Illustrations: 300+ drawings Pages: 222 pages Published: 2017 Format: softcover Category: Inboards, Gas & Diesel

In How to Super Tune and Modify Holley Carburetors, best selling author Vizard explains the science, the function, and most importantly, the tuning expertise required to get your Holley carburetor to perform its best for your performance application.

World Class Readingsis a theme-based series using engaging and up-to-date reading passages to help learners develop reading skills. For high intermediate learners,World Class Readingshas broad range of activities involving skill building, reading comprehension, and vocabulary development. Additional listening, writing, discussion, and Internet search activities promote an integrated language learning approach. This teacher's manual and answer key is designed to accompany the high beginning level student book.

Relates the history of the tractor and shows the changes in design that have resulted in the diesel-powered giants of today.

From debut author Alyssa Hollingsworth comes a story about living with fear, being a friend, and finding a new place to call home. They say you can't get something for nothing, but nothing is all Sami has. When his grandfather's most-prized possession—a traditional Afghan instrument called a rebab—is stolen, Sami resolves to get it back. He finds it at a music store, but it costs \$700, and Sami doesn't have even one penny. What he does have is a keychain that has caught the eye of his classmate. If he trades the keychain for something more valuable, could he keep trading until he has \$700? Sami is about to find out. The Eleventh Trade is both a classic middle school story and a story about being a refugee. Alyssa Hollingsworth tackles a big issue with a light touch. 2020 UKLA Award Winner

Harness the Latest Tools and Techniques for Troubleshooting and Repairing Virtually Any Diesel Engine Problem The Fourth Edition of Troubleshooting and Repairing Diesel Engines presents the latest advances in diesel technology. Comprehensive and practical, this revised classic equips you with all of the state-of-the-art tools and techniques needed to keep diesel engines running in top condition.
