Eating Soulfully and Healthfully with Diabetes is a comprehensive guide that provides nutrition information and carbohydrate-counts for foods that will appeal to African Americans who suffer from diabetes. Author Constance Brown-Riggs, a certified diabetes educator with over twenty-five years of experience, shares her vast knowledge of nutrition and dietetics in order to encourage African Americans to prepare and enjoy traditional ethnic fare from the American South and the Caribbean while maintaining normal glucose levels and healthy food intake. As she encourages all people with diabetes to shed pounds, improve food choices, and exercise, Brown-Riggs provides important resources and valuable tips: A description of the Diabetes Soul Food Pyramid An extensive listing of traditional foods from the South and Caribbean Fast food and brand-name nutrient information and label-reading advice A two-week soul food menu plan and sample food diary A dictionary of food terms Tips for upscale dining Eating Soulfully and Healthfully with Diabetes will not only provide life-saving information for people with diabetes but will also educate their families and serve as an excellent resource for health care providers and diabetes and dietetics professionals.

Emily Crane doesn't want to die, but what she's been doing for the past seventeen years can't really be called "living," so when a tragic event cuts her teenage life short, she feels nothing for the loss. But when she awakens only hours later, very much alive and without a single injury on her body, she is thrust into an existence that she never thought possible. Confronted with government scientists, beautiful assassins, and secrets that may threaten every mortal on the planet, Emily's new life is suddenly more exciting, more dangerous, and more meaningful than she could have ever imagined. When Emily Crane dies, her life finally begins.

When Frank and Kevin first met in an empty Arab airport lounge on their way to India in January 1985, it was the beginning of a friendship which would take them together across the length and breadth of the Indian sub-continent, ending up in the foothills of the Himalayas in Nepal. 'Kevin and I in India' is the unexpurgated, often outrageous, diary of their travels - from the hill-stations of the deep south to the Taj Mahal in the north, from the Goan beaches of the west to the sacred Ganges and the Bodhi Tree in the east. Full of anecdotes, observations and travellers' tales, the two Englishmen weave a crazy, erratic path through a variety of adventures and misadventures, in constant battle against officialdom, insects, heat, dust, ticket-queues and mad traffic. Here is the real India - stripped of illusion, but adorned with humour and exuberance. Here is a kaleidoscopic potpourri of fascinating sights, scenes and people, with each day of the journey more exciting, more packed with incident, than the last.

The Senior Court Office Assistant Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: clerical checking; court record keeping; preparing, understanding and interpreting written material; filing; number facility; applying facts and information to given situations; and more.

An award-winning science writer provides an inside look at the recent space mission of the Curiosity rover to Mars, describing the scientists who developed and remotely manned it and offering insights into the information and samples collected. Original.

Eleven years ago General Whittaker, long retired, former member of the Joint Chiefs of Staff, bought an alibi for his grandson who had been arrested for the murder of his fiancée, Ileana Corrigan, and the general's unborn great grandson. The charges were soon dropped and the grandson released. General Whittaker is now dying and he can no longer restrain his doubts. The question that has haunted him all these years must be answered. Did his money save his innocent grandson or cheat justice? The general hires Matt Kile to thaw this cold case. The solution of the crime is complicated by the passage of years and an excess of suspects, including the general's grandson, the general's promiscuous adult daughter, and even the general himself. All had means, motive, and opportunity. The Original Alibi is a big story told on a small stage, intimately portrayed primarily among the members of the Whittaker family and

those who serve them. Of the secrets and strategies that fester inside an outwardly functional and famous family. Matt Kile is a former homicide detective, and pardoned ex-con who, like several real-life former cops, has gone on to achieve success as a writer of mystery fiction. Matt's efforts are aided by a colorful cast of Damon Runyonesque characters. Chief among them is Axel, Matt's former cellmate whose parole, after more than thirty years in prison, had been advanced by Matt's promise of a job. He is also helped by Hillie, a young inexperienced streetwalker Axel takes under his wing. Then there's Bruno Grunsky, a former mob wheelman, and retired spinster Clara Birnbaum who makes pies in return for Axel's favors. This mixed bag of characters add flavoring to the story, while each, in their own way, help Matt Kile determine the guilt or innocence of General Whittaker's grandson.

The master quilting teacher presents the ultimate reference guide for drafting your own quilt designs—including 3 projects to test your skills! Quilt artist Sally Collins has helped countless quilters unleash their creative vision by sharing her vast knowledge of drafting. In this comprehensive guide, she offers detailed instructions on how to draft your own quilt blocks based on grids, circles, and various kinds of stars; how to design using mirrors, graph paper, pencil, and calculator; how to create your own variations of traditional blocks; and much more. The three projects featured in this volume are presented in order of difficulty so you can test new skills as you learn. With Sally's easy methods, you will gain the confidence you need to draft and design your own creative ideas.

Yvonne Weaver created this coloring book to provide hours of enjoyment. Yvonne has chosen to make each page something children of all ages can color and enjoy with their family and friends. She has included desert scenes as well as reptiles and migratory birds who visit the wetland areas. The flowers are just for fun; she loves to color them herself. The desert comes alive in the spring with many beautiful colored wildflowers. The desert scenery changes colors as the sun rises and sets. Yvonne saw a need for a coloring book to encourage children to love our planet and care for our wildlife. She suggests, "Just have fun with it."

This book presents qualitative and quantitative analyses on Bolivia's informal sector, the reasons why firms are informal, and the impact of normalization on their profitability. The analysis finds that the impact of tax registration on profitability depends on firm size and the ability to issue tax receipts, and presents a set of prioritized policy implications for policy makers. In the short term, the first priority should be to increase the benefits of formalization through training, access to credit and markets, and business support. The second is to increase information on how to formalize and its benefits. In the medium term, the priority is to simplify formalization, regulatory and taxation procedures and reduce their costs. Increasing even-handed enforcement of taxation and regulation is also important but not a priority for micro and small firms. Measures to boost the productivity of micro and small firms in general will both help overall economic growth, employment, and, formalization.--Publisher's description.

Large 7 by 10 Ethel Pike Collectible. Makes a great gift. The wide lined pages are good for personal and academic use. Great for travel. The journal has 108 pages and the lines extend from the top to the bottom to give you maximum space for all your writing ideas. Durable, and cost efficient for the amount of use you can get out of this one journal! It is compact yet efficient so it won't weigh down your backpack.
