solid understanding of alternative investments, *Alternative Investments: An Allocator's Approach, Fourth Edition* (CAIA Level II curriculum official text) is the best way to achieve these goals. In recent years, capital formation has shifted dramatically away from public markets as issuers pursue better financial and value alignment with ownership, less onerous and expensive regulatory requirements, market and information dislocation, and liberation from the short-term challenges that undergird the public capital markets. The careful and informed use of alternative investments in a diversified portfolio can reduce risk, lower volatility, and improve returns over the long-term, enhancing investors' ability to meet their investment outcomes. *Alternative Investments: An Allocator's Approach* (CAIA Level II curriculum official text) is a key resource that can be used to improve the sophistication of asset owners and those who work with them. This text comprises the curriculum, when combined with supplemental materials available at caia.org, for the CAIA Level II exam. "Over the course of my long career one tenet has held true, 'Continuing Education'. Since CalSTRS is a teachers' pension plan, it is no surprise that continuing education is a core attribute of our Investment Office culture. Overseeing one of the largest institutional pools of capital in the world requires a cohesive knowledge and understanding of both public and private

market investments and strategies. We must understand how these opportunities might contribute to delivering on investment outcomes for our beneficiaries. Alternative Investments: An Allocator's Approach is the definitive core instruction manual for an institutional investor, and it puts you in the captain's chair of the asset owner."

—Christopher J. Ailman, Chief Investment Officer, California State Teachers' Retirement System "Given their diversified cash flow streams and returns, private markets continue to be a growing fixture of patient, long-term portfolios. As such, the need to have proficiency across these sophisticated strategies, asset classes, and instruments is critical for today's capital allocator. As a proud CAIA charterholder, I have seen the practical benefits in building a strong private markets foundation, allowing me to better assist my clients." —Jayne Bok, CAIA, CFA, Head of Investments, Asia, Willis Tower Watson

Sound Familiar? I've opened an online brokerage account, but I'm having a bit of a problem. How do I know what stocks to buy? There are plenty of terrific sources of investment information on the Internet, but there are so many sources, all claiming to be the one and only source that I need, that I can't make any decisions. Maybe I should return to my full-service broker. Be Your Own Broker can help you cut through the

Get Free Discovering Growth Stocks And Anticipating Parabolic Moves

bewildering maze of online stock information and help you find the sources of information that can provide you with higher investment returns. Written by a seasoned broker with over 30 years of investing experience, the book provides you with a systematic method for discovering emerging growth stocks. More important, the book will provide you with a risk-free learning process that will enable you to improve your investment skills before you risk any of your own money. The author identifies two types of information that enabled him to increase the value of his fantasy portfolio from a start of \$250,000 to more than \$9 million in less than three years. In addition, he reveals specific sites on the Internet that provide that information and how to gain the most value from those sites.

Investing in an Uncertain Economy For Dummies provides investors with focused, individualized investment strategies that enable them to conquer indecision and protect and strengthen their current financial holdings. With advice from 200 top independent financial advisors, empowered readers can make effective asset allocation decisions in the face of volatile markets.

Explains the basics of security analysis, discussing the research report, the valuation, and the investment decision, plus coverage of special cases

Now is the time to make money! Although the market has seen growth in 2015, it continues to swing on concerns over energy prices, the possibility of a "Grexit," and currency headwinds. With *The 100 Best Stocks to Buy in 2016*, you'll protect your money from sharp declines with stock picks that have consistently beaten the market average. Inside, you'll find an evaluation of the current state of the market, details on low-volatility investing (an important investment trend), and information on trading defensively in a time of market volatility. An essential guide for anyone investing in today's market, *The 100 Best Stocks to Buy in 2016* offers solid and dependable advice you can take to the bank.

Since 1979 when Tom Quinn and Gene Hoots began investing together there have been a major bull market, a gigantic bubble, two major bear markets, and heart-stopping stock market plunges. Through all of this, the firm has adhered to its investment philosophy. *Pay Attention to the Thin Cow* is a collection of CornerCap's writings through 2005. While it is a collaborative effort, much of the material reflects the personal experiences of Gene Hoots, a long time observer of the
