Eldar won't- can't possibly- be as dominant as they were before, but I'm not yet convinced that they aren't still a top-tier army. Many of their best units stayed very similar (Warp Spiders, Windriders) or got changes that were in many ways a wash (Wraithguard, D-Cannon.) We'll certainly see a different sort of Eldar than before, but they may well still be a contender.

The amazing art from the studios of Games Workshop has long served as an inspiration to fans from the 'Warhammer' game, as well as fantasy artists around the world. This book features the very best 'Warhammer' fantasy art.

A chilling mosaic novel by masters of their craft. On a misty cemetery world, three strangers are drawn together through mysterious circumstances. Each of them has a tale to tell of a narrow escape from death. Amid the toll of funerary bells and the creep and click of mortuary-servitors, the truth is confessed. But whose story can be trusted? Whose recollection is warped, even unto themselves? For these are strange stories of the uncanny, the irrational and the spine-chillingly frightening, where horrors abound and the dark depths of the human psyche is unearthed. A chilling portmanteau. I could feel the hairs on the back of my neck prickling. The perfect combination of horror and Warhammer 40,000.' In April 1991, in a little Wisconsin town about a hundred miles southwest of the town where I grew up, a misfit boy was kidnapped by a group of high school kids who, later, would testify they'd merely meant to frighten him, to drive him around for a while. Somehow they ended up at the river, whooping and hollering on a two-lane bridge. Somehow the boy was shoved, he jumped, he slipped—accounts vary—into the icy water. The kids told police they never heard a splash; one reported seeing a brilliant flash of light. (Several people in the area witnessed a similar light, while others recalled hearing something "kind of like thunder.") All night, volunteers walked the river's edge, but it was dawn before the body was found in a barn a good mile from the bridge . . . The owner of the barn had been the one to discover the body, and she said the boy's cheeks were rosy, his skin warm to the touch. A sweet smell hung in the air. "It was," she said "as if he were just sleeping." And then she told police she believed an angel had carried him there. For years, it had been said that an angel lived in the river. Residents flipped coins into the water for luck, and a few claimed they had seen the angel, or known someone who'd seen it. The historical society downtown had a farmwife's journal, dated 1898, in which a woman described how an angel had rescued her family from a flood. Now, as the story of the boy's death spread, more people came forward

with accounts of strange things that had happened on that night. Dogs had barked without ceasing till dawn; livestock broke free of padlocked barns. Someone's child crayoned a bridge and, above it, a wide-winged tapioca angel. A miracle? A hoax? Or something in between? With acute insight and great compassion, A. Manette Ansay captures the inner life of a town and its residents struggling to forge a new identity in the face of a rapidly changing world.

The story of Asurmen, the Hand of Asuryan, the first and greatest of the eldar Phoenix Lords. The Phoenix Lords are demigods of battle, warriors whose legends span the stars. They are embodiments of the warrior nature of the eldar, and each walks his own path. The first, and greatest, is Asurmen, the Hand of Asuryan. Since he led his people from destruction at the time of the Fall, he has guided his children, the Dire Avengers, in defending the remnants of the eldar as they plan their rise back to galactic dominance. A superlative warrior and peerless leader, Asurmen is one of the greatest hopes of the eldar race.
