**\*\*This is the chapter slice "Energy Technology Gr. 5-8" from the full lesson plan "Technology & Globalization"\*\*. Enter a world run on technology and find out why disparities exist between developed, developing and underdeveloped nations. Our resource helps students comprehend the process of globalization through technology. Write a screenplay about an inventor whose work influenced globalization through advancement in technology. Organize a fair to showcase different modern communications technologies that help people around the world stay connected and exchange information. Design a survey to find out information about how students and their families use internet technology. Design your own transportation system and create a brochure to share the information with travelers. Create a timeline of important events that led up to people's ability to use electricity in their homes and other buildings. Explore how advances in space technology have impacted globalization. Aligned to your State Standards and written to Bloom's Taxonomy, additional hands-on activities, crossword, word search, comprehension quiz and answer key are also included.**

Designed specifically for easy use, Exploring Ecology combines content with activities, all in one place, and organized into four clear sections. Although the book is targeted to teachers of science in grades 4–8, many activities have been adapted for students ranging from first grade to high school.

An All-Natural, Holistic Approach to Energy Boosting Say no to another cup of coffee and YES to these wellness tips from authors and health gurus Sondra Kornblatt and Susannah Seton. Whether you're looking for a midday pick-me-up or an extra boost first thing in the morning, their tips can help. The alternative to caffeine. Coffee and energy drinks are not your only options when it comes to boosting your energy—and they're certainly not your healthiest options. This book contains all the information you need to stay energized all day long, without relying on caffeine. Authors Kornblatt and Seton have researched and compiled 365 quick and easy tips and tricks that anyone can use to find and sustain the energy they need to get through the day. Embrace a new kind of life. Not only do these health tips serve as energy boosters, but they can also help you create a calmer, more positive life. By helping you track your natural energy cycles, get organized, and sleep better, this book promises to change your life in a big way. When you're feeling depleted and tired, you're not your best healthy and happy self. In adopting these habits, you bring yourself one step closer to creating the life you want and deserve. Here's a look at some of the pick-me-ups and tips they offer: • Juices, nuts and seeds to keep you energized all day • Deep breathing techniques • Tips for getting more sleep, and more!
