The head coach of the San Francisco 49ers outlines the successful strategies he used to transform the team from an organization in disarray to a team renowned for its excellence

The last lecture on leadership by the NFL's greatest coach: Bill Walsh Bill Walsh is a towering figure in the history of the NFL. His advanced leadership transformed the San Francisco 49ers from the worst franchise in sports to a legendary dynasty. In the process, he changed the way football is played. Prior to his death, Walsh granted a series of exclusive interviews to bestselling author Steve Jamison. These became his ultimate lecture on leadership. Additional insights and perspective are provided by Hall of Fame quarterback Joe Montana and others. Bill Walsh taught that the requirements of successful leadership are the same whether you run an NFL franchise, a fortune 500 company, or a hardware store with 12 employees. These final words of 'wisdom by Walsh' will inspire, inform, and enlighten leaders in all professions.

Attention Athletes and Coaches: Do you... - Have trouble staying focused during competition? - "Choke" during critical competitive events? - Lack the confidence to envision success? - "Freeze" after a sport injury? - Want to help your team find more success? The Winning Edge will help you identify your mental game strengths and weaknesses. It will enable you to develop your God given abilities through sport psychology principles and strategies. This book will teach you to control your emotions and channel them toward positive outcomes in sport and life. The Winning Edge will help you to: - Discover the power of positive self-talk and positive imagery - Learn to strengthen and condition your mental game - Learn to deal with fear and use it to your advantage - Learn to be mentally resilient in the face of adversity - Discover your unique personality and how it affects your sport performance Lenny Giammatteo, Ed.D., is an inspirational educator who holds a doctor of education degree with extensive graduate training and postgraduate studies in sport psychology, sport management, leadership, human development, and counseling. Dr. Giammatteo has served as a teacher, coach, counselor, administrator, and university professor. He is a successful sport psychology instructor and mental game coach who works with youth, high school, university, and professional athletes. His expertise has helped a variety of men and women 's collegiate sport teams to win national championships, and many other athletes to find success in their sport. He and his wife, Mary Lou, reside in Lakeland, Florida with their son. To contact Dr. Giammatteo visit [www.ChampionThinking.com](#)

"Considered the bible of scouting techniques" according to the Los Angeles Times, Football Scouting Methods explains the basic scouting strategies and insights of author Steve Belichick. He was widely viewed as the ablest football scout of his time and coached at the U.S. Naval Academy for 33 years: his son is New England Patriots coach Bill Belichick, a three-time Super Bowl winner. When Steve Belichick died in November 2005, the New York Times headline described him as "Coach Who Wrote the Book on Scouting," and cited Houston Texans General Manager Charley Casserly calling Football Scouting Methods "the best book on scouting he had ever read." The book explains how to scout opponents, recognize defenses, analyze offenses, discover "tip-offs," compose a useful report, self-scout, and conduct postgame analysis.

For centuries the most successful people in the world have employed the PowerPrinciples to accumulate wealth and abundance in their lives. With his fast-paced, down-to-earth style, laced with personal stories, Blount, illustrates how the PowerPrinciples are a no-nonsense, road map to achievement.

The former superintendent at West Point and a psychologist explain why all successful leaders rely on a foundation of strong character. Among the most successful leaders throughout history—from Abe Lincoln to Rosa Parks, Mahatma Gandhi to Susan B. Anthony, Martin Luther King, Jr. to Nelson Mandela—some were brilliant mathematicians and economists, others were creative visionaries, still others were masterful at strategic planning. Their mastery of their field wasn't the secret to their highly effective leadership. All of their skill, grit, resilience, charisma, and courage emanated from one thing: their strength of character. Character—the moral values and habits of an individual—is in the spotlight now more than perhaps at any other point in modern history. Politicians distort facts. Corporations cheat customers and investors. Athletes are caught using illegal supplements. In addition to harming our culture at large, these failures of character have a profound and undermining impact on leadership. The authors of this book are experts on the value of character, its correlation with successful leadership, and how to build it in individuals and prospective leaders. General Robert L. Casten, Jr. served the US Army for over 43 years and served as Superintendent at the US Military Academy at West Point. Psychologist Dr. Michael D. Matthews is a Professor of Engineering Psychology at West Point who has focused on the psychology of character for years. Together they witnessed firsthand that raw talent is not enough to stand on its own; successful leadership relies on the critical foundation of a strong character. In The Character Edge they leverage their perspectives to offer an empowering, story-driven argument—backed by the latest scientific research—that character is vital to success. They give readers the tools to build and sustain character in themselves and their organizations by testing readers' strengths of the gut, head and heart and teaching how to build trust and nurture the seeds of character.

The celebrated coach shares his philosophy of football, profiles players he has coached, and recounts key moments in his career

Offers a portrait of football coach Bill Walsh who transformed the San Francisco 49ers, the NFL's worst team in 1979, into a football powerhouse through a combination of organization innovation, player management, and determination, in a study of success and the price it exacts. Reprint

From the New York Times bestselling author of The Mentor Leader and Quiet Strength comes a book sure to transform your team or organization! For most people, succeeding in life requires mastering the art of teamwork. Whether at work, school, church, or home, virtually everyone is part of a team--and when they work well, teams can accomplish more than individuals working by themselves. But not all teams are created equal. When a team isn't functioning well, individual strengths can be undermined and weaknesses accentuated, making the work environment a terrible place to be. So what does a truly effective team environment look like, and how can you create one within your own organization? As a former Super Bowl-winning coach, Tony Dungy is an expert at building and bringing out the best in a team. Drawing on his experiences from years of coaching and working with other leaders, this football fable lays out four essential principles practiced by truly effective teams. Telling the story of a fictional NFL team looking for a turnaround, The Soul of a Team not only identifies some of the most common issues that hold a team back but also lays out a game plan for winning teamwork. Whether you aspire to be a better leader or a stronger team player, The Soul of a Team will show you how to contribute to a stronger, healthier, more productive team destined for success.
