This classic, readable book does the best job at covering the current issues within HRM, and provides a complete, comprehensive review of essential personnel management concepts and techniques. Considering the intensely competitive nature of business today, this book focuses on practical applications that all managers can use to deal with their HR-related responsibilities, while being able to defend their plans and contributions in measurable terms. A five-part format begins with an introduction, and then covers recruitment and placement, training and development, compensation, and labor relations and employee security. For all human resource personnel and managers.

Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts

Get Free Gary Dessler 10th Edition

and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business;

Resource Certification Institutes Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production, quality, and service.

In today's global business environment, it is vital that individuals and organizations have sophisticated global leadership skills. Communication and understanding of different cultures is paramount to business success. This new edition of the bestselling textbook, *Managing Cultural Differences*, guides students and practitioners to an understanding of how to do business

Get Free Gary Dessler 10th Edition

internationally, providing practical advice on how competitive advantage can be gained through effective cross-cultural management. Crises in the Middle East, the weakening of some emerging markets, and the value of diversity and inclusion are just a few examples of contemporary issues discussed in this text, which also introduces a completely new chapter on global business ethics. With a wealth of new examples, case studies, and online materials, this textbook is required course reading for undergraduates, postgraduates, and MBA students alike, as well as being a vital tool for anybody selling, purchasing, traveling, or working internationally.

For undergraduate and graduate courses in labor relations and collective bargaining. Bring your best case to the table by putting

Get Free Gary Dessler 10th Edition

theory into practice with this guide to labor relations, unions, and collective bargaining. *Labor Relations and Collective Bargaining: Cases, Practice, and Law* introduces students to collective bargaining and labor relations. This text is concerned with application, as well as coverage of labor history, laws, and practices.

Over the past decade, management practice has gone through dramatic changes. Workforce diversity, downsizing, reengineering, total quality management, outsourcing, and rediscovering the importance of satisfying the customer, all has a significant impact on Human Resources. The new Sixth Edition of De Cenzo/Robbins' *Human Resource Management* features a current, real-world perspective that gives readers a crystal-clear picture of what today's

Get Free Gary Dessler 10th Edition

HRM is really like. Emphasizing the application of theory, the Sixth Edition carefully integrates real examples with the most up-to-date information available.
