With a Haynes manual, you can do it yourself...from simple maintenance to basic repairs. Haynes writes every book based on a complete teardown of the vehicle. We learn the best ways to do a job and that makes it quicker, easier and cheaper for you. Our books have clear instructions and hundreds of photographs that show each step. Whether you're a beginner or a pro, you can save big with Haynes!

With fuel costs and parking charges it's no wonder the consumer is looking for less expensive forms of travel. This book is aimed at the rider who wants to do his or her own basic scooter maintenance and servicing without the need for in-depth mechanical knowledge, or a technical manual. It covers areas such as oil, brakes, tyres, transmission, electrics, etc, allowing the owner to address the most regularly serviced items without forking out for additional costs. Illustrated with full colour photographs throughout, and featuring clear, easy-to-follow instructions, this book is a must-have for scooter users.

Alan Seeley. Following on from the success of The Motorcycle Book, this extensively illustrated, all-color book provides comprehensive reference for all scooter owners and enthusiasts. From traditional to sports, through big-wheel and Super, all aspects of buying, riding, maintaining and tuning a scooter are included. Whether a beginner or experienced rider, the reader will find all the information they need to get on the road and stay on the road safely. There are detailed sections on how a scooter works and how to keep it running, with extensive maintenance and trouble-shooting chapters.
