surface design, and thread painting skill, thanks to your sewing machine. Nine highly qualified, experienced sewing machine educators have developed 13 delightful projects to show you how to make the most of your machine's technical possibilities. From pillows to bed scarves, from wallhangings to table runners, any quilt will benefit when its creator uses these techniques.

Designed to guide learners through the often disorienting experience of taking a first art history class, this book addresses all aspects of that total experience. **KEY TOPICS** Specific chapter topics cover note-taking during lecture, studying for and taking slide exams, writing response papers, methodology, how to critique secondary scholarship, and what to do with an art history degree. For individuals with little or no experience in art history,

machine, using scraps of new, used and vintage fabrics for one-of-a-kind creations.

This book will make you look at your sewing machine in a whole new light - not just as a maker of curtains and tablecloths, but as an artist's tool. As you work your way through the steps and become more confident with the techniques, you'll be able to make your sewing machine do things you never thought it could! Poppy guides you through the basics, from getting to grips with your sewing machine and setting the right tension to choosing fabrics and hooping up ready to stitch. She then demonstrates how the core techniques, including outlining, shading and applique, are used to create pictures with charm. She shows how layering fabric pieces and leaving edges to fray add to the unique and personal effect. Once you have mastered the techniques, 16
