A groundbreaking book about the nineteenth century obsession with hysteria.

In Never Meant to Survive, Costa Vargas presents a historical, political, and social assessment of anti-black genocide and liberatory struggles to resist it. Through examination of two cities linked by common experiences of Blackness, Los Angeles and Rio de Janeiro, the book identifies anti-black genocide as a prevailing force in organizing individuals and groups across society. Costa Vargas approaches his analysis of anti-black genocide in these cities through discussion of past conflicts and the work of groups like the Black Panther Party.

Rigorous, self-contained coverage of determinants, vectors, matrices and linear equations, quadratic forms, more. Elementary, easily readable account with numerous examples and problems at the end of each chapter.

*****Warning: this book is NA and contains graphic language, sex, and violence. Mature readers only. Not intended for young adult readers.*** After a tragic accident, Araya Noelle is left with a constant reminder that nothing is forever. She is forced to give up her chance to be the youngest dancer accepted into Juilliard & taking over their high society school by a graceful storm of determination is no longer an option. Instead of dwelling over her loss, she accepts the new future she's been dealt. In a world as black as hers, there's no room for bitterness, no time for regret. Sheltered from the outside world, Araya has become suffocated by a life she has no control over. Until Ryland Dare comes crashing into her life. You don't know true darkness until you've felt light... Like a firecracker, showering her with colorful sparks of freedom, Ryland quickly sweeps Araya away from her grey existence. For the first time since the accident, living in darkness is no longer something Araya wants to do willingly. Unleashed by the shadows of her reminder, being with Ryland, Araya touches light. Together they will learn what it's like to feel alive for the first time. At the edge of darkness, a ray of light will, DARE them to HOPE. DARE them to LOVE DARE them to LIVE The Edge of Darkness is book 1 in the darkness trinity novel.

Animals and celebrities share unusual relationships in these hilarious satirical stories by an award-winning contemporary writer. Lions, Komodo dragons, dogs, monkeys, and pheasants—all have shared spotlights and tabloid headlines with celebrities such as Sharon Stone, Thomas Edison, and David Hasselhoff. Millet hilariously tweaks these unholy communions to run a stake through the heart of our fascination with famous people and pop culture in a wildly inventive collection of stories that “ evoke the spectrum of human feeling and also its limits ” (Publishers Weekly, Starred Review). While in so much fiction animals exist as symbols of good and evil or as author stand-ins, they represent nothing but themselves in Millet’s ruthlessly lucid prose. Implacable in their actions, the animals in Millet ’ s spiraling fictional riffs and flourishes show up their humans as bloated with foolishness yet curiously vulnerable, as in a tour-de-force, Kabbalah-infused interior monologue by Madonna after she shoots a pheasant on her Scottish estate. Millet treads newly imaginative territory with these charismatic tales. “ These incredibly crafted stories, with their rare intelligence, humor, and empathy, describe the furious collision of nature and science, man and animal, everyday citizen and celebrity, fact and fiction. Lydia Millet ’ s writing sparkles with urgent brilliance. ” —Joe Meno

Robin Hemley’s childhood made a wedge of his memory, leaving him sore and embarrassed for over forty years. He was the most pitiful kindergartner, the least spirited summer camper, and dateless for prom. In fact, there’s nary an event from his youth that couldn’t use improvement. If only he could do them all over a few decades later, with an adult’s wisdom, perspective, and giant-like height . . . In the spirit of cult film classics like Billy Madison and Wet Hot American Summer, in Do-Over! Hemley reencounters papier-mâché, revisits his childhood home, and finally attends the prom – bringing readers the thrill of recapturing a misspent youth and discovering what’s most important: simple pleasures, second chances, and the forgotten joys of recess.

When Gilda Joyce invites herself to the San Francisco mansion of distant cousin Lester Splinter and his thirteen-year-old daughter, she uses her purported psychic abilities and detective skills to solve the mystery of the mansion’s boarded-up tower.

The thorough reference that goes wherever you go The Complete CFO Reference is the perfect up-to-date reference tool for today’s busy CFO, controller, treasurer, and other finance professionals. Written in an easy format and packed with checklists, samples, and worked-out solutions for a wide variety of accounting and finance problems, readers can take this handy reference wherever they go-on a business trip, visiting a client, conducting a conference call, or attending a meeting. Covers all major developments in finance and accounting every CFO needs to know about including IFRS, Web-based planning, and ranging from financial reporting and internal control to financial decision making for shareholder value maximization Includes tables, forms, checklists, questionnaires, practical tips, and sample reports Incorporates Accounting Standards Codification (ASC) throughout the book, as well as coverage of International Financial Reporting Standards (IFRS) and its impact on financial reporting, XBRL reporting, risk management and disaster recovery, Web-based planning and budgeting, Web 2.0, cloud computing, and environmental costing Simplifying day-to-day work in dozens of critical areas, The Complete CFO Reference is the perfect up-to-date reference tool for today’s busy chief financial officer (CFO), controller, treasurer, financial director, budgeting director, and other financial professionals in public practice and private industry.
