"Caryl Churchill is a dramatist who must surely be amongst the best half-dozen now writing" a playwright of genuine audacity and assurance, able to use her considerable wit and intelligence in ways at once unusual, resonant and dramatically riveting."Benedict Nightingale From Love and Information: SEX What sex evolved to do is get information from two sets of genes so you get offspring that's not identical to you. Otherwise you just keep getting the same thing over and over again like hydra or starfish. So sex essentially is information. You dont think that while we're doing it do you? It doesn't hurt to know it. Information and also love. If you're lucky. In this fast-moving kaleidoscope, more than one hundred characters try to make sense of what they know. Declared "the greatest living English playwright" by Tony Kushner, Caryl Churchill will premiere this latest work at London's Royal Court in fall 2012. Caryl Churchill is one of the most influential playwrights of our time. She is the author of more than twenty plays, including Seven Jewish Children, Drunk Enough to Say I Love You, Top Girls, This is a Chair, Far Away, A Number, Cloud Nine, and Serious Money.

On the way towards the Information Society, global networks such as the Internet, together with mobile computing, have made wide-area computing over virtual communities a reality. Digital city projects, with the goal of building platforms to support community networking, are going on worldwide. This is the first book devoted to digital cities. It is based on an international symposium held in Kyoto, Japan, in September 1999. The 34 revised full papers presented were carefully selected for inclusion in the book; they reflect the state of the art in this exciting new field of interdisciplinary research and development. The book is divided into parts on design and analysis, digital city experiments, community network experiments, applications, visualization technologies, mobile technologies, and social interaction and communityware.

ICTs and Sustainable Solutions for the Digital Divide: Theory and Perspectives focuses on Information and Communication Technologies for Development (ICT4D), which includes any technology used for communication and information. This publication researches the social side of computing, the users, and the design of systems that meet the needs of "ordinary" users.

MATLAB is one of the most widely used tools in the field of engineering today. Its broad appeal lies in its interactive environment with hundreds of built-in functions. This book is designed to get you up and running in just a few hours.

World economy globalization is driven by multiple interactive forces. Theygive rise to a number of paradoxes that impact the functional and developmental characteristics of firms. This book offers for the first time an in-depth study of the logical contradictions that stream from economic integration on the supranational level.

After a life-threatening event, the No Sugar Baker rolled up her apron, changed her lifestyle and has quickly become one of America's favorite self-taught bakers. She shares her informative health experience and over one hundred recipes. She'll be your favorite, too!

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America ' s foremost deal-maker. " I like thinking big. I always have. To me it ' s very simple: If you ' re going to be thinking anyway, you might as well think big. " —Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker ' s art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal " Trump makes one believe for a moment in the American dream again. " —The New York Times " Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet. " —Chicago Tribune " Fascinating . . . wholly absorbing . . . conveys Trump ' s larger-than-life demeanor so vibrantly that the reader ' s attention is instantly and fully claimed. " —Boston Herald " A chatty, generous, chutzpa-filled autobiography. " —New York Post
