The behind-the-scenes story of Hollywood's struggle with Nazism before the outbreak of war. The abundance of WWII-era documentaries and the huge cache of archival footage that has emerged since 1945 make it seem as if cinematic images of the Nazis were always as vivid and plentiful as they are today. Yet between 1933 and 1939, representations of the Nazis and the full meaning of Nazism came slowly to Hollywood, growing more distinct and ominous only as the decade wore on. Recapturing what ordinary Americans saw on the screen during the emerging Nazi threat, Thomas Doherty reclaims forgotten films, such as Hitler's Reign of Terror (1934), a pioneering anti-Nazi docu-drama by Cornelius Vanderbilt, Jr.; I Was a Captive of Nazi Germany (1936), a sensational true tale of "a Hollywood girl in Naziland!"; and Professor Mamlock (1938), an anti-Nazi film made by German refugees living in the Soviet Union. Doherty also recounts how the disproportionately Jewish backgrounds of the executives of the studios.

In French caracole means "prancing"; in English, "caper." Both words perfectly describe this high-spirited erotic adventure. In Caracole, White invents an entire world where country gentry languish in decaying mansions and foppish intellectuals exchange lovers and gossip in an occupied city that resembles both Paris under the Nazis and 1980s New York. To that city comes Gabriel, an awkward boy from the provinces whose social naïveté and sexual ardor make him endlessly attractive to a variety of patrons and paramours. "A seduction through language, a masque without masks, Caracole brings back to startling life a dormant strain in serious American writing: the idea of the romantic."--Cynthia Ozick

Soft and knobby Monk's cloth provides the perfect backdrop for these charming patterns painted with yarn. This form of weaving is done on a large scale and is easy to learn and quick to complete. Trice Boerens, an expert in huck embroidery, teaches you the easy steps needed to create these lovely patterns. Pick a pattern, then stitch it on a small project like a hot pad, or a larger project such as a runner or throw. The patterns take shape quickly using step-by-step color charts, and in no time, you'll have a wonderful completed project to keep for yourself or to give as a gift that will be treasured for a lifetime.

For technicians, architects, and engineers, a revised guide to estimating customer demand and maximum expected flow for sizing new service lines and meters. The manual (first published in 1975) presents a field method of demand profiling that can be used to evaluate actual customer use patterns and

Blending elements of Laurie Halse Anderson's Speak and Gary Paulsen's Hatchet, this gripping story from Kathryn Holmes was deemed "a page turner" by author Richard Peck and "an intense story of survival" by ALA Booklist in its starred review. Sophomore Hallie Calhoun has just endured the most excruciating six months of her life. Once the rumors about her and the preacher's son, Luke, made their way around school, her friends abandoned her, and as a result, Hallie has completely withdrawn. Now on a hiking trip in the Smoky Mountains with the same people who have relentlessly taunted her, Hallie is pushed to her limit. Then Hallie, outgoing newcomer Rachel, and Jonah—Hallie's former friend—get separated from the rest of the group. As days go by without rescue, their struggle for survival turns deadly. Stranded in the wilderness, the three have no choice but to trust one another in order to stay alive...and for Hallie, that means opening up about what really happened that night with Luke. From the catty atmosphere of high school to the unpredictable terrain of the mountains, this novel is a poignant, raw journey about finding yourself after having been lost for so long.

From the acclaimed author of This Side of Brightness, the epic life and times of Rudolf Nureyev, reimagined in a dazzlingly inventive masterpiece—published to coincide with the tenth anniversary of Nureyev's death A Russian peasant who became an international legend, a Cold War exile who inspired millions, an artist whose name stood for genius, sex, and excess—the magnificence of Rudolf Nureyev's life and work are known, but now Colum McCann, in his most daring novel yet, reinvents this erotically charged figure through the light he cast on those who knew him. Taking his inspiration from the biographical facts, McCann tells the story through a chorus of voices: there is Anna Vasileva, Rudi's first ballet teacher, who rescues her protégé from the stunted life of his town; Yulia, whose sexual and artistic ambitions are thwarted by her Soviet-sanctioned marriage; and Victor, the Venezuelan hustler, who reveals the lurid underside of the gay celebrity set. Spanning four decades and many worlds, from the horrors of Stalingrad to the wild abandon of New York in the eighties, Dancer is peopled by a large cast of characters, obscure and famous: doormen and shoemakers, Margot Fonteyn and John Lennon. And at the heart of the spectacle stands the artist himself, willful, lustful, and driven by a never-to-be-met need for perfection. In ecstatic prose, McCann evokes the distinct consciousness of the man and the glittering reflection of the myth. The result is a monumental story of love, art, and exile.

"Interaction is a defining characteristic of every living being. Bodies and objects build connections, from networks, and then through interaction, achieve organization, structure, memory and heredity, the only selection criterion for interaction is whether it works, that is, whether it is operational."
