Information about the biology, ecology, and management of quaking aspen on the mountains and plateaus of the interior western United States, and to a lesser extent, Canada, is summarized and discussed. The biology of aspen as a tree species, community relationships in the aspen ecosystem, environments, and factors affecting aspen forests are reviewed. The resources available within and from the aspen forest type, and their past and potential uses are examined. Silvicultural methods and other approaches to managing aspen for various resources and uses are presented.

Using research in neurobiology, cognitive science and learning theory, this text loads patterns into your brain in a way that lets you put them to work immediately, makes you better at solving software design problems, and improves your ability to speak the language of patterns with others on your team.

This brief, updated edition presents the digital medium entirely in its most updated form with greater emphasis on integrating workflows throughout to make learning techniques even simpler and the most up-to-date industry knowledge. In addition to covering the basic techniques of photography, this text covers the impact of computers on this important art form. --from publisher description

Noreen is a nurse who has never been loved. She secretly loves Ramon, a heart surgeon, but he seems to have a vendetta against her. She has no idea if the throbbing pain in her chest is because of her chronic heart condition or, in fact, her broken heart. One day, she falls seriously ill, and the surgeon who operates on her is none other than Ramon! He finally learns about Noreen ´s feelings, but is it too late for him to mend her broken heart?

The classic, bestselling reference on architecture now revised and expanded! An essential one-volume reference of architectural topics using Francis D.K. Ching's signature presentation. It is the only dictionary that provides concise, accurate definitions illustrated with finely detailed, hand-rendered drawings. From Arch to Wood, every concept, technology, material and detail important to architects and designers are presented in Ching's unique style. Combining text and drawing, each term is given a minimum double-page spread on large format trim size, so that the term can be comprehensively explored, graphically showing relations between concepts and sub-terms A comprehensive index permits the reader to locate any important word in the text. This long-awaited revision brings the latest concepts and technology of 21st century architecture, design and construction to this classic reference work It is sure to be by the side of and used by any serious architect or designer, students of architecture, interior designers, and those in construction.

Pamela Salzman shares a simple but powerful mantra with the students who attend her famed cooking classes: Eat well, live well, be well. Now, in Kitchen Matters, she shares the recipes that have won the praise of Nicole Richie, Rashida Jones, Audrina Patridge, and other mega-fans. Customizable for vegetarian, vegan, and grain-free diets, the recipes rely on accessible veggie-forward ingredients that are anti-inflammatory and nutrient-dense. Both practical and elegant, Kitchen Matters offers a roadmap for new and busy home cooks to begin including more wholesome foods every day, for meals as nourishing as they are unforgettable. "Isn't [Pamela] amazing? I couldn't boil water and now I regularly make dinner for my family."-Jenni Kayne, fashion designer

Bible readings for the home circle: comprising one hundred and sixty-two readings for public and private study, in which are answered over twenty-eight hundred questions on religious topics, contributed by more than a score of bible students. To which added The game of life, a pictorial allegory.
