Wendy DeGroat's Beautiful Machinery is a fine collection of intelligent, witty and moving poetry. She is direct without ever being simple. Her ear is excellent and she creates webs of sound. She writes love poems that are sensual and never sentimental. These poems bring you in contact with someone you want to know. -Marge Piercy, award-winning author of a memoir, 17 novels, and 19 books of poetry, most recently Made in Detroit Reading Wendy DeGroat's poetry makes me think of the phrase, "daily bread." Precise imagery, the joy of internal rhymes, and the light touch of formality are abundant in these poems. Attuned to the music of spoken word, DeGroat's lyricism and her sense of connection to the natural world, to the "beautiful machinery" of the beloved's body, provide substance and sustenance for the heart, for the imagination. -Janice Gould, author of Doubters and Dreamers, and the forthcoming chapbook, The Force of Gratitude Wendy DeGroat's Beautiful Machinery draws its title from "Running Late," a playful and beautifully wrought poem about the body's wonders, yet the book maps not just the body. It expands to cover the difficult territory of marriage, divorce, sexuality, feminism, and new love-all with the same tender honesty of the title poem. In "Ode to Spiders" she writes, "Webs etch-a-sketchd across the deck, / watch them cast lines, ride the wind." DeGroat has etch-a-sketchd her own lines across traditional themes-and they merit your careful attention. -Sierra Golden, author of Aristotle's Lantern The female body, that "beautiful machinery," is Wendy DeGroat's subject. It is the "lit wick flaring" or the tingle of taut nipples that makes it so "hard/to get ready for work." In language luscious and liquid, these poems invite the reader to join her in wonder and praise. -Kim Roberts, Co-Editor, Beltway Poetry Quarterly

"This book created in a two-part approach that both saves time and enhances flavor, the recipes in Make Ahead Bread will give inexperienced bakers and busy home cooks the information they need to make bread on a schedule that works for them"--

A remarkable story about love, loss and the power of the imagination, from an award-winning, celebrated writer for children. On a frozen Christmas Eve, Mouse Mallory and his family set off across a snow-white valley to visit his grandparents. They never arrive. As the wheels skid off the icy road, Mouse is thrown from the car. When he wakes, he finds himself in a magical landscape, with only a talkative sheep and a very bossy horse for company. And they tell him: this is your story now. So begins Mouse's extraordinary quest through a world of wonder. A world of monsters, minstrels, dangerous knights and mysterious wizards; a world of terrifying danger but also more excitement than Mouse has ever known. All to find a castle, somewhere, beyond. But why is Mouse looking for a castle? As thoughts of his family back at the car begin to surface, Mouse realises this might be the most important journey he will ever make ... This is a novel about love and death. It's about the power of stories to change the way we view the world - and it's about the power of a child to change their own world. Emotionally arresting but ultimately uplifting, this is a remarkable novel for our times.

Managing with Aloha explores 19 different Hawaiian values, demonstrating how managers can bring these universal values into every kind of business practice today. With many examples drawn from her own successful career, Say shares her tested common-sense approaches to culture-building in the workplace while achieving success in business enterprise.

An exploration of San Diego's progressive design.

Discover the art of kogin, a style of traditional Japanese sashiko embroidery with modern appeal. Historically, kogin was used as a pattern darning technique to reinforce threadbare fabric and add warmth to the clothing worn by farmers in the villages of northern Japan. With dozens of beautiful and simple geometric patterns, kogin embroidery offers fresh inspiration and authentic technique to proponents of the decorative mending movement. Colorful photos offer step-by-step instruction for learning this simple counted thread embroidery technique. Beginners will discover how to prepare the thread and fabric, how to read kogin charts, and how to make the basic straight stitches that comprise kogin motifs. Once you've mastered the basics, try your hand at one of the 25 adorable and easy projects included in the book. Featuring bright and modern color schemes, these accessories are designed for contemporary life. You'll find an assortment of pretty brooches, barrettes and hair ties, pouches and coin purses, framed samplers, pincushions, and ornaments, plus potholders, coasters, and placemats for the home. Once you get started stitching, we guarantee you won't be able to stop!
