Kubota G1800. Kubota G1800 ignition issue I have a G1800 and it was running great until recently. Now when I would turn the key the gauges all light up and the red warning lights light up and then when I turn the key to the next notch the dashboard shuts off and I don't even get a click. Thinking it was the ignition switch, I replaced it. Same situation. I cleaned the ground from the battery ...

Tom Bolton's account of how Harry Ferguson and his inventions changed the world of farming forever.

Identifies the parts of a bicycle and explains how to maintain and repair various models of bicycles

A memoir of one young man's coming-of-age on a cross-country trek--told through the stories of the people of all ages, races, and inclinations he meets along the highways of America. At twenty-three, Andrew Forsthoefel walked out the back door of his home in Chadds Ford, Pennsylvania, with a backpack, an audio recorder, his copies of Whitman and Rilke, and a sign that read walking to listen. He had just graduated from Middlebury College and was ready to begin his adult life, but he didn't know how. So he decided he'd walk. And listen. It would be a cross-country quest for guidance, and everyone he met would be his guide. Walking toward the Pacific, he faced an Appalachian winter and a Mojave summer. He met beasts inside: fear, loneliness, doubt. But he also encountered incredible kindness from strangers. Thousands shared their stories with him, sometimes confiding their prejudices, too. Often he didn't know how to respond. How to find unity in diversity? How to stay connected, even as fear works to tear us apart? He listened for answers to these questions, and to the existential questions every human must face, and began to find that the answer might be in listening itself. Ultimately, it's the stories of others living all along the roads of America that carry this journey and sing out in a hopeful, heartfelt book about how a life is made, and how our nation defines itself at the most human level.

These riveting personalities each achieved excellence, but even greater than their individual accomplishments is the positive Hispanic image they collectively represent to the world. Photographs, illustrations, and lively text tell the stories of these fascinating historical figures. In 1990, Martinez came to the United States from his home in the Dominican Republic and since then has become a pitching legend. In 2004, the three-time Cy Young Award winner helped lead the Boston Red Sox to their first World Series win since 1918.

Once a cheater, always a cheater? From the moment Will and Sarah first set eyes upon each other, they know that what they have is special. There's just one little problem . . . each of them already has a significant other. After flirting with danger, it becomes clear their passion is too strong to be denied. But even if they make their relationship official, there are plenty of challenges in store. Will leaves for college at the end of the summer, while Sarah faces her senior year of high school in their small suburban town. Long-distance relationships always come with their fair share of troubles/mismatched schedules, jealousy, and temptation are only the beginning. Can cheaters ever change? WHILE YOU'RE AWAY is a steamy story about a love triangle, a long-distance relationship, and learning the true meaning of commitment.

Insolent and defiant, the Chants de Maldoror, by the self-styled Comte de Lautréamont (1846-70), depicts a sinister and sadistic world of unrestrained savagery and brutality. One of the earliest and most astonishing examples of surrealist writing, it follows the experiences of Maldoror, a master of disguises pursued by the police as the incarnation of evil, as he makes his way through a nightmarish realm of angels and gravediggers, hermaphrodites and prostitutes, lunatics and strange children. Delirious, erotic, blasphemous and grandiose by turns, this hallucinatory novel captured the imagination of artists and writers as diverse as Modigliani, Verlaaine, André Gide and André Breton; it was hailed by the twentieth-century Surrealist movement as a formative and revelatory masterpiece.
