Scopri la leggenda narrata sulle dodici tavolette in cuneiforme, trovate nell'antica biblioteca di Ninive. L'epopea di Gilgamesh non racconta solo la storia di un re babilonese alla ricerca dell'immortalita, ma ha molti piani di lettura diversi: parla di civilizzazione e di natura selvaggia, di amicizia e di sentimenti fin troppo umani, come la paura della morte, che infine, dopo un lungo viaggio iniziatico, sara mutata in saggezza. La collana Meet Myths si pone lo scopo di diffondere le antiche leggende norrene, celtiche, indiane, mesopotamiche e molte altre ancora, in agili volumi che le raccontino in modo semplice, avvincente ed accessibile a tutti."

The play Shakuntala was one of the first examples of Indian literature to be read in translation in Europe. Shakuntala's story is a leitmotiv that recurs in many works of Indian literature and culminates in the master Kali-dasa's drama for the stage. The virtuous heroine is forgotten by her betrothed, the king Dushyanta, only to be refound thanks to a distinguishing signet ring discovered

by a fisherman in the belly of one of his catch. The final act distills the essence of human forgiveness, in Shakuntala's gracious release of her husband from his guilt.

First published in 1930, this volume aimed to provide an overview of folk-lore which contrasted with the Anthropological school. Consciously working in the legacy of Savigny and the Brothers Grimm, the author explored the unrecorded traditions found within popular fiction, custom, belief, magic and ritual, attempting a reconstruction of humanity's spiritual history through popular rather than elite voices. The work was intended to prove useful to scholars of related fields to folk-lore, with hopes of eventual interdisciplinarity.

Reflections on a lost poem and its rediscovery by contemporary poets Gilgamesh is the most ancient long poem known to exist. It is also the newest classic in the canon of world literature. Lost for centuries to the sands of the Middle East but found again in the 1850s, it is a story of monsters, gods, and cataclysms, and of intimate friendship and love. Acclaimed literary historian Michael Schmidt provides a unique meditation on the rediscovery of Gilgamesh, showing how part of its special fascination is its captivating otherness. He reflects on the work of leading poets such as Charles Olson, Louis Zukofsky, and Yusef Komunyakaa, whose own encounters with the poem are revelatory, and he reads its many translations and editions to bring it vividly to life for today's readers.

Relating the Muslim understanding of Moses in the Qur'an to the Epic of Gilgamesh, Alexander Romances, Aramaic Targums, Rabbinic Bible exegesis, and folklore from the ancient and medieval Mediterranean, this book shows how Muslim scholars authorize and identify themselves through allusions to the Bible and Jewish tradition. Exegesis of Qur'an 18:60-82 shows how Muslim exegetes engage Biblical theology through interpretation of the ancient Israelites, their prophets, and their Torah. This Muslim use of a scripture shared with Jews and Christians suggests fresh perspectives for the history of religions, Biblical studies, cultural studies, and Jewish-Arabic studies.

Devotion to religion was the distinguishing characteristic of the Etruscan people, the most powerful civilization of Italy in the Archaic period. From a very early date, Etruscan religion spread its influence into Roman society, especially with the practice of divination. The Etruscan priest Spurinna, to give a well-known example, warned Caesar to beware the Ides of March. Yet despite the importance of religion in Etruscan life, there are relatively few modern comprehensive studies of Etruscan religion, and none in English. This volume seeks to fill that deficiency by bringing together essays by leading scholars that collectively provide a state-of-the-art overview of religion in ancient Etruria. The eight essays in this book cover all of the most important topics in Etruscan religion, including the Etruscan pantheon and the roles of the gods, the roles of priests and divinatory practices, votive rituals, liturgical literature, sacred spaces and temples, and burial and the afterlife. In addition to the essays, the book contains valuable supporting materials, including the first English translation of an Etruscan Brontoscopic Calendar (which guided priests in making divinations), Greek and Latin sources about Etruscan religion (in the original language and English translation), and a glossary. Nearly 150 black and white photographs and drawings illustrate surviving Etruscan artifacts and inscriptions, as well as temple floor

plans and reconstructions.

Meet the Original Superheroes. Before there was Batman, Wonder Woman, or Black Panther...there was Indra, Hindu king of gods, who battled a fearsome snake to save the world from drought. Athena, the powerful Greek goddess of wisdom who could decide the fate of battles before they even began. Okuninushi, the Japanese hero who defeated eighty brothers to become king and then traded it all for a chance at immortality. Featuring more than 70 characters from 23 cultures around the world, this A-to-Z encyclopedia of mythology is a who's who of powerful gods and goddesses, warriors and kings, enchanted creatures and earthshaking giants whose stories have been passed down since the beginning of time—and are now given fresh life for a new generation of young readers. Plus, You'll Learn All About: Dragons: The Hydra, St. George's Dragon, and the Australian Rainbow Snake Giants: Grendel, Balor of the Evil Eye, Polyphemus, and the Purusha with the thousand heads Monsters: Manticore, Sphinx, Minotaur, Thunderbird, and Echidne, mother of the Nemean lion that nearly killed Heracles Underworlds: Travel to Hades, Valhalla, and the Elysian Fields
