~~La série des Tara Duncan se laisse lire, mais on n'y retrouve n'y l'imagination des Peggy Sue (les histoires de Tara se ressemblent un peu), ni la richesse d'écriture d'Harry Potter. En bref, il ne restera rien de ces livres une fois l'âge de 12-13 ans révolu.~~

Though only twelve years old, orphaned Tara has developed strange telekinetic powers that allow her to bend space and levitate others high above the ground, as if they are lighter than air. Her two best friends, Betty and Fabrice—often the victims of Tara's uncontrollable abilities—are the only ones who know about Tara's secret. Even her grandmother and caretaker, Isabella, doesn't have a clue. That is until Tara learns that she is a spellweaver, descended from a long line of powerful magic-wielders born on the planet OtherWorld. Forced to flee her Earth home when Magister, the Master of the Bloodgraves, attacks, Tara escapes to planet Other- World, where she finds loyal friends and learns about her mysterious powers. But when Tara discovers that her mother is alive and being held captive by Magister, will she be able to save her? Tara Duncan is an inspiring heroine, whose adventures and personal struggles will captivate readers already hooked by fantasy adventures and characters like Harry Potter. This is the first installment of the Tara Duncan series—an epic adventure full of magic and bravery that is sure to cast a spell on young readers!

Magister, le Maître des Sangraves, a décidé de s'emparer coûte que coûte de Tara'tylanhnem Duncan, dite Tara. Afin d'échapper au maléfique " Homme au Masque ", la jeune fille doit s'enfuir sur AutreMonde en compagnie de Manitou, son arrière-grand-père transformé en labrador par un sort malencontreux. Sous la protection du fantasque Maître Chem, Haut mage du royaume du Lancovit, elle y découvrira les sortceliers, le malicieux Palais Vivant, les Vampyrs, les Chimères, les Harpies et toute une pléiade d'amis parfois... inattendus. Du royaume des Limbes où sévissent les démons au somptueux Palais impérial d'Omois, de la forteresse grise des Sangraves à l'île maudite des Roses Noires, Tara Duncan nous entraîne dans un univers peuplé de créatures fantastiques et baroques, à la découverte de son identité. Dans les contes de fées, les princesses se font habituellement kidnapper, enfermer, à moitié rôti par des dragons, marier à de gros poilus qui ont occis un ou deux monstres alors qu'elles sont amoureuses du "petit page, ensorceler, endormir pour un ou deux siècles, etc. Alors l'une d'entre elles, la princesse Sophie Audouin-Mamikonian a décidé de créer une héroïne drôle et tendre, Tara Duncan, qui n'attend aucun preux chevalier, se défend très bien toute seule ou avec ses amis et, bien que parfaitement terrorisée, affronte les dangers d'AutreMonde avec une totale détermination.

On the planet OtherWorld, Tara's friend Cal is convicted of a crime he didn't commit, and she and her friends set out to prove him innocent. It's an unlikely crew: Tara, the riddle-loving Fabrice, Robin the half-elf, Sparrow the shape-shifting princess, and Tara's cultured grandfather—and black Lab—Manitou. Blue gnomes help Cal break out of prison, but at a terrible price. To force him to help liberate their people from an evil wizard, they infect Cal with a time-release poison that Tara and her friends must race to neutralize. Helped by Fafnir the dwarf, they defeat the wizard and travel to Demonic Limbo for evidence of Cal's innocence. There, Tara has a wrenching encounter with the ghost of her dead father. Back on OtherWorld, the situation is grim. Fafnir accidentally releases the terrible Devourer of Souls, who nearly conquers the planet. In desperation, Tara changes into a dragon and allies herself with her nemesis, Magister. They defeat the Devourer, and Tara hurls Magister into Limbo, hopefully forever. Meanwhile, the Empress of Omois has discovered that Tara is

her niece and heir. She insists that Tara come live on OtherWorld for good. If Tara refuses, it will mean war. This is the exciting sequel to Tara Duncan and the Spellbinders and is sure to captivate young readers for hours of excitement and adventure!

In this absorbing new YA title, Jatta, a princess in the kingdom of Alteeda, discovers a shocking truth about herself in connection to a tragedy from her past. She was three years old when her mother was slain by werewolves, and she, along with the rest of the palace, has been haunted by fear ever since. Now, at the age of fourteen, she has discovered that the werewolves left their curse on her, and it has begun to take hold.

Films and Dreams considers the essential link between films and the world of dreams. To discuss dream theory in the context of film studies means moving from the original, clinical context within which dream theory was originally developed to an environment established by primarily aesthetic concerns. Botz-Bornstein deals with dreams as "self-sufficient" phenomena that are interesting not because of their contents but because of the "dreamtense" through which they deploy their being. A diverse selection of films are examined in this light: Tarkovsky's anti-realism exploring the domain of the improbable between symbolization, representation and alienation; Sokurov's subversive attacks on the modern image ideology; Arthur Schnitzler's shifting of the familiar to the uncanny and Kubrick's avoidance of this structural model in *Eyes Wide Shut*; and Wong Kar-Wai's dreamlike panorama of parodied capitalism.

A New York Times bestselling series A USA TODAY bestselling series A California Young Reader Medal-winning series In this unforgettable seventh book in the Keeper of the Lost Cities series, Sophie must let the past and present blur together, because the deadliest secrets are always the ones that get erased. Sophie Foster doesn't know what—or whom—to believe. And in a game with this many players, the worst mistake can be focusing on the wrong threat. But when the Neverseen prove that Sophie's far more vulnerable than she ever imagined, she realizes it's time to change the rules. Her powerful abilities can only protect her so far. To face down ruthless enemies, she must learn to fight. Unfortunately, battle training can't help a beloved friend who's facing a whole different danger—where the only solution involves one of the biggest risks Sophie and her friends have ever taken. And the distraction might be exactly what the villains have been waiting for.

Lou finds it confusing and difficult to be thirteen, especially with her mother and Richard's romance heating up, being separated from her best friend Mina at school, and getting another letter from Paul when she never answered the first one.

After an invisible force field seals off Chester's Mill, Maine, from the rest of the world, it is up to Dale Barbara, an Iraq veteran, and a select group of citizens to save the town, if they can get past Big Jim Rennie, a murderous politician, and his son, who hides a horrible secret in his dark pantry.
