The thyroid is the new hot topic in health. Across age groups, from baby boomers and their parents to millennials and even children, more and more people—women especially—are hearing that their thyroids are to blame for their fatigue, weight gain, brain fog, memory issues, aches and pains, tingles and numbness, insomnia, hair loss, hot flashes, sensitivity to cold, constipation, bloating, anxiety, depression, heart palpitations, loss of libido, restless legs, and more. Everyone wants to know how to free themselves from the thyroid trap. As the thyroid has gotten more and more attention, though, these symptoms haven't gone away—people aren't healing. Labeling someone with "Hashimoto's," "hypothyroidism," or the like doesn't explain the myriad health issues that person may experience. That's because there's a pivotal truth that goes by unnoticed: A thyroid problem is not the ultimate reason for a person's illness. A problematic thyroid is yet one more symptom of something much larger than this one small gland in the neck. It's something much more pervasive in the body, something invasive, that's responsible for the laundry list of symptoms and conditions attributed to thyroid disease. In *Medical Medium Thyroid Healing*, Anthony William, the Medical Medium, reveals an entirely new take on the epidemic of thyroid illness. Empowering readers to become their own thyroid experts, he explains in detail what the source problem really is, including what's going on with inflammation, autoimmune disease, and dozens more symptoms and conditions, then offers a life-changing toolkit to rescue the thyroid and bring readers back to health and vitality. It's an approach unlike any other, and as his millions of fans and followers will tell you, it's the approach that gets results.

from ailments that have been misdiagnosed or ineffectively treated—or that medical communities can't resolve. And he's done it all by listening to a divine voice that literally speaks into his ear, telling him what is at the root of people's pain or illness and what they need to do to be restored to health. In his first book, the New York Times bestseller *Medical Medium*, Anthony revealed how to treat dozens of illnesses with targeted healing regimens in which nutrition played a major role. *Medical Medium Life-Changing Foods* delves deeper into the healing power of over 50 fruits, vegetables, herbs and spices, and wild foods that can have an extraordinary effect on health. Anthony explains each food's properties, the symptoms and conditions it can help relieve or heal, and the emotional and spiritual benefits it brings. And for each food, he offers a delicious recipe to help you enjoy its maximum benefit, from sweet potatoes with braised cabbage stuffing to honey-coconut ice cream and chewy apricot bars. You'll discover:

- Why wild blueberries are the “resurrection food,” asparagus is the fountain of youth, and lemons can lift your spirits when you've had bad news
- The best foods to eat if you have gallstones, hypertension, brain fog, thyroid issues, or migraines—plus hundreds more symptoms and conditions that may be holding you back
- The particular healing powers of kiwis, cucumbers, cat's claw, coconut, and much more
- Insight into cravings, how to use stress to your advantage, and the key role fruit plays in fertility

Much of Anthony's information is dramatically different from the conventional wisdom of medical communities, and much of it has never appeared anywhere before. So don't expect to hear the same old food facts rehashed here. Instead, expect to get a whole new understanding of why oranges offer more than just vitamin C—and a powerful set of tools for healing from illness and keeping yourself and your loved ones safe and well.
