Mount Shasta and Surrounding Areas. Mount Shasta is located in Northern California and it's the 5th highest peak in California. There are scenic hiking trails and summiting the peak is also popular with visitors. Before you go, contact the Mt Shasta Visitors Bureau to understand what is the current snow condition. Most trails on the mountain are open from June through October and closed during the rest of the year due to snow.

Mount Shasta: A Guide to Climbing, Skiing, and Exploring ...

Without any prompt, spiritual tourism took that mantle and continues to thrive today. For an astonishing number of people, the history and significance of this mountain community was forever altered when the Ascended Master St. Germain first appeared to Guy Ballard on the flanks of Mt. Shasta in 1934.

Hiking California's Mount Shasta Region covers 50 hikes in the area for hikers of all abilities. Up-to-date trail information and miles and directions will be featured throughout, as well as sidebars on local culture, trivia, and wildlife. GPS coordinates are available for all trailheads.

"With its unique look at the history and characters that shaped this famous fishing region, Shasta's headwaters is more than just a fishing guide. This book is the angler's complete guide to the fabulous fishing and also the eccentric character of California's Upper Sacramento and McCloud rivers." (Book jacket).

- 125 day hikes aimed at a variety of skill levels
- A popular outdoor sports destination of iconic parks and mountains

Day Hiking: Mount Shasta, Lassen & Trinity Alps Regions covers the expansive and beautiful geographic triangle comprised of these three areas. This new guide features:

- Trailhead driving directions, trail descriptions, length and elevation data, nearby campgrounds, and more
- Star ratings applied to every hike
- GPS coordinates for every hike's trailhead
- Two-color design and topo maps—plus a full-color photo insert
- Icons for quick selection of hikes that are dog-friendly or kid-friendly or that have exceptional views, historical interest, and wildflowers in season
- Options to extend a day hike, when applicable

Mt. Shasta is California's premier, stand-alone, 14,000-foot mountain--with the largest and longest glaciers in the state. Along with Washington's Mt. Rainier, Mt. Shasta is one of the two most prominent large mountains in the contiguous United States. Shasta is sought after by so many climbers and skiers nationwide because it offers such a wide variety of routes, especially moderate ones for the aspiring mountaineer and backcountry skier. The fully updated fourth edition of Mt. Shasta, by Andy Selters and Michael Zanger, is the most comprehensive and detailed guide and overview to a large, varied, historic, and coveted mountain for climbing and skiing. The guide offers extensive detail on dozens of trips both on the mountain and in its surroundings, including weather, climbing and skiing conditions, amenities, and history. A special extra is a guide to Shasta's superb circumnavigation at timberline, pioneered by John Muir, that is often referred to as one of the best off-trail hikes in the Northwest. The book also comes with a topographic map showing all mountain routes and variations.

From the southernmost peak of Mt. Langley to Mt. Shasta in the north, California's fifteen peaks of 14,000 feet or more are some of the most challenging and beautiful mountains in the country. Over the past decade the rise of endurance activities (including obstacle racing) and the popularity of reality television have increased the popularity of these daunting climbs (California's Fourteeners have been featured on The Amazing Race, Man vs. Wild, and Django Unchained). No matter the skill level, this book will lay out the plans and logistics to allow every climber a positive experience. Each of the mountains will be broken down based on the technical skills needed, a recommended list of gear and equipment, how to prepare for rapidly changing weather and trail conditions, and a general timeframe needed to reach each summit.

An illustrated guide to the wildflowers of Mount Shasta, California, featuring the paintings of Edward Stuhl

California Summits guides readers to 50 beautiful, attainable peak hikes. Hikers can summit most in a day, and sometimes in just a few hours, with a minimum of experience and gear. Everyone from families to experienced peak-baggers will find something to love. Hike up scenic Mount Tamalpais overlooking San Francisco Bay, Yosemite National Park's grand Clouds Rest with its incomparable view of Half Dome, and snowcapped Mount Shasta, the state's northern jewel, among others. Stunning color photography and detailed hike descriptions provide inspiration and information for hikers of all ages and experience levels.

WHAT IS THE SECRET OF MT. SHASTA? SACRED SITE? ENTRANCE TO THE INNER EARTH? DOORWAY TO ANOTHER DIMENSION? HIDDEN UFO BASE? TIME WARP? BLACK HOLE? Come along with paranormal journalist Tim Beckley and other well known researchers and experiencers as they explore the most mysterious place in North America...Mt. Shasta. Here are stories of Lemurians and survivors of other "Lost Civilizations" who roam the mountain freely and occasionally wander into town to trade gold for supplies. Plus, little men who seldom come out except at night to collect edibles and return to their secret cavern homes. Native Americans residing in the backwoods say they have not only heard the screams of Bigfoot, but have seen these hairy creatures close-up! Visit Telos, the capitol of the Inner Earth, occupied by the Ascended Masters of Wisdom. Located deep within Mt. Shasta, this city is rumored to be connected to the Hollow Earth through a worldwide network of secret tunnels. Join Timothy Green Beckley as he explores the mysterious Mt. Shasta, reputed to be the most supernatural place in North America, if not the world.
