Watt tells of Muhammad's struggle to make his way as an untrained orphan in the city's commercial world, and his call to prophethood as a result of visions. He recounts the writing down of the Prophet's revelations in teh Qua'an (with an explanation of its passages); Muhammad's betrayal, expulsion from Mecca, and migration to Medina; and his rise to politcal power in Arabia.

I chose W. Montgomery Watt's abridged biography, Muhammad: Prophet and Statesman, because it is known as the stand. Like most Muslims, I have studied the Prophetic biography from Muslim sources that present the life of Muhammad (peace and blessings be upon him) as a moral, ethical, and spiritual guide for everyday behavior.

Muhammad prophet and Statesman : Watt, W. Montgomery ...

Doctor Watt essentially claims that Muhammad's (peace and blessings be upon him) new religion, Islam, borrowed heavily from Christianity and Judaism. According to him, the Prophet aimed to model Islam after these traditions by instituting elements such as the fast of Ashoora, making the direction for prayer originally towards Jerusalem, and holding Friday prayers that are modeled after pre-Sabbath preparations.

William Montgomery Watt Muhammad Prophet and Statesman

William Montgomery Watt was a Scottish Orientalist, historian, academic and Anglican priest. From 1964 to 1979, he was Professor of Arabic and Islamic studies at the University of Edinburgh. Watt was one of the foremost non-Muslim interpreters of Islam in the West, and according to Carole Hillenbrand "an enormously influential scholar in the field of Islamic studies and a much-revered name for many Muslims all over the world". Watt's comprehensive biography of the Islamic prophet Muhammad, Muham

W. Montgomery Watt - Wikipedia

Among the most pervasive of these are related to the Prophet Muhammad, who is still not understood by many non-Muslims. Throughout my life, I have been repeatedly asked about the Prophet's life and specifically his role as prophet, statesman, and in some situations military leader. Many find it disconcerting that he led his followers into battle.

The Prophet as Statesman | Inside Islam

Muhammad: A Prophet and Statesman Essay 1910 Words8 Pages Muhammad's main role was that of a prophet. Discuss On the surface Muhammad is usually considered to be a prophet and messenger of God, but when looking closer we can see that He played many more roles in His life time including one of a Statesman.

Muhammad : prophet and statesman. [W Montgomery Watt] -- A short account of the life and achievements of one of the great figures of history, this volume also serves as an excellent introduction to one of the world's major religions.

A biography of Muhammad, the founder of Islam.

This comprehensive introduction to the history of Islamic Spain takes the reader through the events, people and movements from 711 to 1492.

Heretic and impostor or reformer and statesman? The contradictory Western visions of Muhammad in European culture, Muhammad has been vilified as a heretic, an impostor, and a pagan idol. But these aren't the only images of the Prophet of Islam that emerge from Western history. Commentators have also portrayed Muhammad as a visionary reformer and an inspirational leader, statesman, and lawgiver. In *Faces of Muhammad*, John Toland provides a comprehensive history of these changing, complex, and contradictory visions. Starting from the earliest calls to the faithful to join the Crusades against the "Saracens," he traces the evolution of Western conceptions of Muhammad through the Reformation, the Enlightenment, and the nineteenth and twentieth centuries, and up to the present day. *Faces of Muhammad* reveals a lengthy tradition of positive portrayals of Muhammad that many will find surprising. To Reformation polemicists, the spread of Islam attested to the corruption of the established Church, and prompted them to depict Muhammad as a champion of reform. In revolutionary England, writers on both sides of the conflict drew parallels between Muhammad and Oliver Cromwell, asking whether the prophet was a rebel against legitimate authority or the bringer of a new and just order. Voltaire first saw Muhammad as an archetypal religious fanatic but later claimed him as an enemy of superstition. To Napoleon, he was simply a role model: a brilliant general, orator, and leader. The book shows that

Muhammad wears so many faces in the West because he has always acted as a mirror for its writers, their portrayals revealing more about their own concerns than the historical realities of the founder of Islam.

This text gives a formative account of the development of Islamic thought from the death of Muhammad in 632, to 950. It demonstrates how various religions and political movements within Islam contributed to what has become standard form, including the positive contribution of sects later regarded as heretical, and the key interaction of religion and politics. Drawing on many previously unresearched Arabic sources, it presents a comprehensive, balanced and clear picture of the main lines of philosophical development in this important period.

In this volume, the authors attempt to speak freely about the potential in religions both for violence and peace. I am confident that many impulses from this work will also impact the direction of churches and other religious communities, such that religions, all together, will try to mobilize the members of their communities to actively contribute to world peace. In this way, religions will be perceived as part of the solution for world peace, enabling them to move beyond the stigma of their damaged reputations.

Drawing on traditional Muslim sources, Michael Cook describes Muhammad's life and teaching. He also attempts to stand back from this traditional picture to show how far it is historically justified.
