The only multinational business finance text with a managerial emphasis and a chapter on the GFC. Renowned for its authoritative, comprehensive coverage of contemporary international finance, this text trains the future leaders of multinational enterprises to recognise and capitalise on the unique characteristics of global markets. A key function of a manager is to make financial decisions that increase company value: to assist future managers' appreciation of this function and help contextualise it within the organisation, real-world mini-cases are embedded throughout the text.

NOTE: This loose-leaf, three-hole punched version of the textbook gives you the flexibility to take only what you need to class and add your own notes -- all at an affordable price. For loose-leaf editions that include MyLab(tm) or Mastering(tm), several versions may exist for each title and registrations are not transferable. You may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering products. For courses in international finance. Authoritative, comprehensive coverage of contemporary international finance Renowned for its authoritative, comprehensive coverage of contemporary international finance, Multinational Business Finance trains the leaders of tomorrow's multinational enterprises to recognize and capitalize on the unique characteristics of global markets. Because the job of a manager is to make financial decisions that increase a firm's value, the authors have embedded real-world mini-cases throughout to apply chapter concepts to the types of situations managers of multinational firms face. The 15th Edition attempts to capture the rapid evolution of our global marketplace, taking a closer look at the types of organizations that permeate the widespread arena, competition and opportunities in emerging markets, and how financial leadership can integrate the strategic and financial challenges that global businesses face today. Also available with MyLab Finance By combining trusted author content with digital tools and a flexible platform, MyLab(tm) personalizes the learning experience and improves results for each student. NOTE: You are purchasing a standalone product; MyLab(tm) Finance does not come packaged with this content. Students, if interested in purchasing this title with MyLab Finance, ask your instructor to confirm the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the loose-leaf version of the text and MyLab Finance, search for: 0134830237 / 9780134830230 Multinational Business Finance, Student Value Edition Plus MyLab Finance with Pearson eText -- Access Card Package Package consists of: 0134796632 / 9780134796635 Multinational Business Finance, Student Value Edition 0134811895 / 9780134811895 MyLab Finance with Pearson eText -- Access Card -- for Multinational Business Finance

In this updated fourth edition, author Maurice Levi successfully integrates both the micro and macro aspects of international finance. He successfully explores managerial issues and focuses on problems arising from financial trading relations between nations, whilst covering key topics such as: * organization of foreign exchange markets * determination of exchange rates * the fundamental principles of international finance * foreign exchange risk and exposure * fixed and flexible exchange rates. This impressive new edition builds and improves upon the popular style and structure of the original. With new data, improved pedagogy, and coverage of all of the main developments in international finance over the last few years, this book will prove essential reading for students of economics and business.

Global Corporate Finance, 2nd edition written by a son-father team introduces students and practitioners to those principles essential to the understanding of global financial problems and the policies that global business managers contend with. The objective of this book is to equip current and future business leaders with the tools they need to interpret the issues, to make sound global financial decisions, and to manage the wide variety of risks that modern businesses face in a competitive global environment. In line with its objective, the book stresses practical applications in a concise and straightforward manner, without a complex treatment of theoretical concepts. Instructors who want students to possess practical, job-oriented skills in international finance will find this unique text ideal for their needs. Suitable for both undergraduate- and graduate-level courses in international finances, this book is clearly the "go-to" book on one most important aspect of corporate finance. The revised, 2nd edition offers updates to the chapters, answers to some end-of-chapter problems, and a number of practical case-studies. It also comes with a complete set of online ancillary materials, including an Instructor's Manual, a test bank of 500 multiple-choice questions, two sets of PowerPoint lecture slides, and separate, detailed lecture notes. The ancillary materials are available upon request for instructors who adopt this book as a course text.

As globalization is redefining the field of corporate finance, international finance is now part and parcel of the basic literacy of any financial executive. This is why International Corporate Finance is a "must" text for upper-undergraduates, MBAs aspiring to careers in global financial services and budding finance professionals. International Corporate Finance offers thorough coverage of the international monetary system, international financing, foreign exchange risk management and cross-border valuation. Additionally, the book offers keen insight on how disintermediation, deregulation and securitization are re-shaping global capital markets. What is different about International Corporate Finance? Each chapter opens with a real-life mini-case to anchor theoretical concepts to managerial situations. Provides simple decision rules and "how to do" answers to key managerial issues. Cross-border Mergers & Acquisitions, Project Finance, Islamic Finance, Asian Banking & Finance are completely new chapters that no other textbooks currently cover. Accompanied with a comprehensive instructor support package which includes case studies, an Instructor's Manual, PowerPoint slides, Multiple Choice Questions and more.

A thorough introduction to corporate finance from a renowned professor of finance and banking As globalization redefines the field of corporate finance, international and domestic finance have become almost inseparably intertwined. It's increasingly difficult to understand what is happening in capital markets without a firm grasp of currency markets, the investment strategies of sovereign wealth funds, carry trade, and foreign exchange derivatives products. International Corporate Finance offers thorough coverage of the international monetary climate, including Islamic finance, Asian banking, and cross-border mergers and acquisitions. Additionally, the book offers keen insight on global capital markets, equity markets, and bond markets, as well as foreign exchange risk management and how to forecast exchange rates. Offers a comprehensive discussion of the current state of international corporate finance Provides simple rules and pragmatic answers to key managerial questions and issues Includes case studies and real-world decision-making situations For anyone who wants to understand how finance works in today's hyper-connected global economy, International Corporate Finance is an insightful, practical guide to this complex subject.

The book discusses all the issues related to Project Management. Strategic considerations, recognition of the human factor and need for administrative set-up are interwoven in this book while developing the main theme of the financial side of project management. New in this Book 1. New chapters titled 'Infrastructure Projects and Project Financing' have been added 2. 'Economic and Social Cost Benefit' and 'Network Analysis and Execution Plan' have been enriched with additional material 3. Components of interest rates has been elaborated and the concepts of cost of capital and required rate of return built on it 4. More examples and real cases and enhanced diagrammatic explanation 5. Chapterization scheme has been revised in the line of phases of project life cycle 6. References, footnotes and web links have been added to give readers access to extra material for further reading Key Features 1. Strategy, human aspect, administrative issues and system approach have been integrated in a single thread without compromising on conceptual clarity and simplicity 2. Use of spreadsheet has been extensively explained in chapters where it is most applicable 3. A continuous case has been built around the theme of each chapter throughout the book
