Number Line Fun: Solving Number Mysteries eBook: Kathleen ...

Place these people on the number line to find who is poorest and who is richest. Owing money is negative Having money is positive. So John has " -3 ", Virginia has " -5 " and Alex has " $+3$ " Now it is easy to see that: Virginia is poorer than John (-5 is less than -3) and John is poorer than Alex (-3 is less than 3) and Alex is, of course, the richest!

A versatile number line that can be used at many different levels beginning at numbers 1 to 10 up to fractions, decimals and negative numbers. Place numbers on a number line and see how close you can get.

Fun Ordering Numbers Games for KS1 Children

A number line is simply a line of numbers, typically from 1-10 or 1-20, that allows children to count along forwards or backwards

Acces PDF Number Line Fun Solving Number

Mysteries as a visual way of adding up or taking away. For example, if you want to do 4 plus 3, you'll go to 4 on the number line then count on three spaces, and see that you've landed on the 7 - so $4+3=7$.

The number line is a handy tool. It helps you with math at home and at school. But the number line is so much more than a simple tool to help children count forwards and backwards. As children grow they will not only use the number line with their

Acces PDF Number Line Fun Solving Number

Mysteries and subtraction problems, but also with fractions, multiplication, and so much more. Number Line Fun is a great introduction to this handy tool. Mrs. Stone, a National Board Certified educator, brings her 30+ years of teaching experience to help math come alive for children. Her entertaining illustrations, along with the rhythm and rhyme of her text, will charm young learners and open their minds to the wonders of math.
