Examines a fairly wide range of issues concerning the ever-expanding field of political theory, in a multidisciplinary (historical-sociological-economic-philosophical-juristic) perspective. It elaborates the nature and significance of political theory, concept of ideology with a concise and critical discussion of major political ideologies, nature of politics and various approaches to its study including empirical, normative, behavioural, post-behavioural as well as interdisciplinary approach. It elucidates the concepts of the state and sovereignty with reference to the challenges of imperialism, colonialism, neo-colonialism, impact of globalization, grounds and limits of political obligation, various dimensions of law (including rule of law), power (along with authority and legitimacy) citizenship (including democratic citizenship), human rights, liberty (including freedom as emancipation), equality (including equality of opportunity), justice (including social justice) and the common good. Then it dwells on various models and theories of democracy (including participatory and deliberative democracy), indicating the significance of multiculturalism. Finally it gives a critical account of the theories of social change and development with special reference to the problems of

This textbook, now in its second edition, is designed to

# Read Book O P Gauba

equip students with a basic 'conceptual toolkit' for the study of political thought: (i) a basic political vocabulary, (ii) a conceptual vocabulary and (iii) an historical vocabulary.

This revised edition examines a fairly wide range of issues on political theory, identified at the beginning of the new millennium. Elaborating the nature and significance of political theory, the book delves into the concept of ideology, nature and different views on politics and approaches to the study of politics. It is designed to cater to the needs of various Indian universities and competitive examinations including the Civil Services examination.

Considerable changes are taking place today in the structure and working of governments all over the world. This, in turn, has necessitated a change in the approach to the study of government and politics. This well-organized and systematic study takes into account these developments and shift in approach in the field of comparative government and politics. As the empirical study of political processes, structures and functions forms a major part of comparative political studies, the author examines them in detail. He also analyzes the many variables that are heterogeneous in nature. The book analyzes in tandem comparative government—which involves the study of different political systems with their institutions and functions—and comparative politics, which covers comparative governments and non-state politics. The latter also studies rule making, rule implementing and rule adjudicating. Since different political systems are governed by the constitutions of the nations concerned, the book deals in detail with the constitutions of these countries. While the text gives a comprehensive coverage of constitutions of democracies such as UK, USA, France, Switzerland and Japan, it also deals with the constitutions of authoritarian
