Aruges that criminals, prostitutes, rebels and other people on the fringes of society were largely responsible for such American achievements as the American Revolution, labor unions, women's liberation, the fall of the Soviet Union, gay rights and much more. By the author of Out of the Jungle: Jimmy Hoffa and the Re-Making of the American Working Class.

NOW A NEW YORK TIMES BESTSELLER! From #1 New York Times bestselling author Marissa Meyer, comes a high-stakes world of adventure, passion, danger, and betrayal. Secret Identities. Extraordinary Powers. She wants vengeance. He wants justice. The Renegades are a syndicate of prodigies—humans with extraordinary abilities—who emerged from the ruins of a crumbled society and established peace and order where chaos reigned. As champions of justice, they remain a symbol of hope and courage to everyone...except the villains they once overthrew. Nova has a reason to hate the Renegades, and she is on a mission for vengeance. As she gets closer to her target, she meets Adrian, a Renegade boy who believes in justice—and in Nova. But Nova's allegiance is to the villains who have the power to end them both.

A one-time attorney turned successful entrepreneur explains how to transform one's individual passion into a rewarding career that is personally satisfying as well as lucrative, with helpful advice, hundreds of resources, innovative strategies, case studies, and practical tools to help readers along the way. Original. 20,000 first printing.

New York Times Book Review Editors' Choice • An Amazon Best Science Book of 2014 • Scientific American Recommended Read "Fascinating, informative, exhilarating." —Wall Street Journal Deep is a voyage from the ocean's surface to its darkest trenches, the most mysterious places on Earth. Fascinated by the sport of freediving—in which competitors descend great depths on a single breath—James Nestor embeds with a gang of oceangoing extreme athletes and renegade researchers. He finds whales that communicate with other whales hundreds of miles away, sharks that swim in unerringly straight lines through pitch-black waters, and other strange phenomena. Most illuminating of all, he learns that these abilities are reflected in our own remarkable, and often hidden, potential—including echolocation, directional sense, and the profound bodily changes humans undergo when underwater. Along the way, Nestor unlocks his own freediving skills as he communes with the pioneers who are expanding our definition of what is possible in the natural world, and in ourselves. "A journey well worth taking." —David Epstein, New York Times Book Review "Nestor pulls us below the surface into a world far beyond imagining and opens our eyes to these unseen places." —Dallas Morning News "This is popular science writing at its best." —Christian Science Monitor

Free of the palace, Aria is still tormented by memories of Braith... the vampire prince who shattered her heart. Her only solace from the anguish is with Max, her best friend, and fellow blood slave. Just as Aria begins to salvage the broken pieces of her wounded spirit, a marauding group of vampires raid the caves where the rebels are temporarily sheltered. With the security of the caves gone, and vampires hunting them, Aria tries to stay hidden while she searches for her family. She isn't expecting to come face to face with Braith. Haunted by Aria's betrayal, Braith spent the past months becoming a monster. When he learns she was spotted in the woods, he tries to stay away, but finds himself drawn to the rebel who stole his heart. Divided between their loyalties and their hearts, will their love be enough to overcome their past, or will their differences tear them apart forever? \*\*\*The Captive Series is mature YA/New Adult. This book contains some language, violence, and sexual situations. Recommended for ages sixteen and up.\*\*\* Recommended reading order for the completed Captive Series. Surveys the achievements of adventurous scientists, athletes and explorers to reveal how new understandings about deep-sea life, from telepathic coral to shark navigation, are expanding what is known about the natural world and the human mind. 40,000 first printing.

The Renegades Trilogy continues, in this fiercely awaited second installment after the New York Times bestselling Renegades by Marissa Meyer, author of the Lunar Chronicles. Now a New York Times Bestseller! Time is running out. Together, they can save the world. But they each other's worst nightmare. Nova's double life is about to get a lot more complicated: As Insomnia, she is a full-fledged member of the Renegades, a syndicate of powerful and beloved superheroes. She works with Adrian's patrol unit to protect the weak and maintain order in Gatton City. As Nightmare, she is an Anarchist - a group of of villains who are determined to destroy the Renegades. Nova wants vengeance against the so-called heroes who once failed her when she needed them most. But as Nova, her feelings for Adrian are deepening, despite the fact that he is the son of her sworn enemies and, unbeknownst to Nova, he has some dangerous secrets of his own. In this second installment of the Renegades trilogy, Nova, Adrian, and the rest of their crew - Ruby, Oscar, and Danna -- are faced with escalating crime in Gatton City, while covert weapons and conflicting missions have Nova and Adrian questioning not only their beliefs about justice, but also the feelings they have for each other. The line between good and evil has been blurred, but what's clear to them both is that too much power could mean the end of their city - and the world - as they know it.

Inner city communities in the US have become "junkyards of dreams," to quote Mike Davis--wastelands where gangs package narcotics to stimulate the local economy, gunshots occur multiple times on any given day, and dreams of a better life can fade into the realities of poverty and disability. Laurence Ralph lived in such a community in Chicago for three years, conducting interviews and participating in meetings with members of the local gang which has been central to the community since the 1950s. Ralph discovered that the experience of injury, whether physical or social, doesn't always crush dreams into oblivion; it can transform them into something productive: renegade dreams. The first part of this book moves from a critique of the way government officials, as opposed to grandmothers, have been handling the situation, to a study of the history of the historic "Divine Knights" gang, to a portrait of a duo of gang members who want to be recognized as "authentic" rappers (they call their musical style "crack music") and the difficulties they face in exiting the gang. The second part is on physical disability, including being wheelchair bound, the prevalence of HIV/AIDS among heroin users, and the experience of brutality at the hands of Chicago police officers. In a final chapter, "The Frame, Or How to Get Out of an Isolated Space," Ralph offers a fresh perspective on how to understand urban violence. The upshot is a total portrait of the interlocking complexities, symbols, and vicissitudes of gang life in one of the most dangerous inner city neighborhoods in the US. We expect this study will enjoy considerable readership, among anthropologists, sociologists, and other scholars interested in disability, urban crime, and race.

Get ready to be a renegade with this how-to leadership guide. We're all looking for the next best tech tool, but why don't we have the same progressive appetite for pedagogy that we have for technology? Renegade leadership may be the answer we need. Merging best practice with innovation, renegade leadership is student-centered, intertwining equity, culture, and technology. Using research, vignettes, and renegade profiles, this book challenges you to lead in the digital age by: Applying transformational tenets of connected pedagogy Increasing your leadership in curriculum, cultural proficiency, and school improvement Leading staff meetings, planning professional development, and improving student learning

One of the most original and creative worlds I've read in a long time. Gritty, raw, and absolutely captivating. I couldn't put the book down. --Alta Hensley, USA Today Bestselling Author

She is the key to his revenge.

What was once a treasured possession of his father is now the most valuable thing in the ravaged kingdom beyond the wall. A female boasting ancient bloodlines and a body which cries out to be mastered.

A rare prize many would kill to claim.

Defiant to the whims of fate, she dares resist, believing the wilds of the forest could hide and protect her.

But nothing will protect her from him.

She will bow at his feet and birth him an army.

From her lips, he tastes vengeance... and soon, the Alpha will rise again to reclaim his throne.

But he is not the only contender...

And the hunt has begun.

Publisher's Note: Each pulse-pounding, tension filled page of this Paranormal Romance features a gritty heroine desperate to remain free of the criminals who seek to claim her for their own. If being helpless to the whims of monsters offends you, please do not purchase. Renegade is the first book Myra Danvers' The Feral Hunt series. Giaus is coming soon—PREORDER NOW!
