José Rizal has a good claim to being the first Asian nationalist. An extremely talented Malay born a hundred years ago in a small town near Manila, educated partly in the Philippines and partly in Europe, Rizal inspired the Filipinos by his writing and example to make the first nationalist revolution in Asia in 1896. Today the Philippines revere Rizal as their national hero, and they regard his two books, *The Lost Eden* (*Noli Me Tangere*) and *The Subversive* (*El Filibusterismo*) as the gospel of their nationalism. *The Subversive*, first published in 1891, is strikingly timely today. New nations emerging in Africa and Asia are once again in conflict with their former colonial masters, as were the Filipinos with their Spanish rulers in Rizal's day. *The Subversive* poses questions about colonialism which are still being asked today: does a "civilizing mission" justify subjection of a people? Should a colony aim at assimilation or independence? If independence, should it be by peaceful evolution or force of arms? Despite the seriousness of its theme, however, *The Subversive* is more than a political novel. It is a romantic, witty, satirical portrait of Spanish colonial rule in the Philippines at the end of the nineteenth century, written in the tradition of the great adventure romances. The translation by Leon Ma. Guerrero, Philippine ambassador to the Court of St. James, conveys the immediacy of the original, and makes this important work available to a new generation of readers. His translation of *The Lost Eden* is also available in the Norton Library.

"The story of low-wage workers rising up around the world to demand respect and a living wage. *We Are All Fast Food Workers Now: The Global Uprising Against Poverty Wages* traces the evolution of a new global labor movement sparked and sustained by low-wage workers from Manila to Manhattan, from Baja California to Bangladesh, from Capetown to Cambodia. This is an up close and personal look at globalization and its costs, as seen through the eyes and told whenever possible through the words of low-wage workers themselves: the berry pickers and small farmers, fast food servers, retail cashiers, garment workers, hotel housekeepers, home health care aides, airport workers and adjunct professors who are fighting for respect, safety and a living wage. The result of 140 interviews by award-winning historian Annelise Orleck, and with original photographs by Liz Cooke, this is a powerful look at neo-liberalism and its damages, a story of resistance and rebellion, a reflection on hope and change as it rises from the bottom up" --

The College Physics for AP(R) Courses text is designed to engage students in their exploration of physics and help them apply these concepts to the Advanced Placement(R) test. This book is Learning List-approved for AP(R) Physics courses. The text and images in this book are grayscale.

This work examines whether "centralized control and decentralized execution" is a valid doctrinal tenet, given the technological advances in the information age. Fascinating scenarios from recent operations, set in the context of a "complex air operations system," show the dilemmas presented by participants' increased access to information-and the resulting consequences of their decisions. With the uncertainty of war and the blending of diverse organizations, the author illustrates that commanders must balance empowerment with accountability by developing depth in command relationships among their subordinates. Originally published in 2007.

(Berklee Guide). Essential for anyone interested in the business, process and procedures of writing music for film or television, this book teaches the Berklee approach to the art, covering topics such as: preparing and recording a score, contracts and fees, publishing, royalties, copyrights and much more. Features interviews with 21 top film-scoring professionals, including Michael Kamen, Alf Clausen, Alan Silvestri, Marc Shaiman, Mark Snow, Harry Gregson-Williams and Elmer Bernstein. Now updated with info on today's latest technology, and invaluable insights into finding work in the industry.

Noli Me Tangere is Latin for touch me not. In this modern classic of Filipino literature, Jose Rizal exposes matters . . . so delicate that they cannot be touched by anybody, unfolding an epic history of the Philippines that has made it that country's most influential political novel in the nineteenth and twentieth centuries. Jose Rizal, national hero of the Philippines, completed *Noli Me Tangere* in Spanish in 1887 while he was studying in Europe. Rizal continued to write, completing a second novel and many other poems and essays, until he was executed by firing squad in 1896. Since then, *Noli Me Tangere* has appeared in French, Chinese, German and Philippine languages. Two other English translations have made *Noli Me Tangere* accessible, but Lacson-Locsin's new translation offered here is the first to work from facsimile editions of the manuscripts and to restore significant sections of the original text. The result is the most authoritative and faithful English translation to date. "

By exploring how Martin Luther, Martin Bucer, and John Calvin interpreted a set of eight messianic psalms (Psalms 2, 8, 16, 22, 45, 72, 110, 188), Sujin Pak elucidates key debates about Christological exegesis during the era of the Protestant reformation. More particularly, Pak examines the exegeses of

Luther, Bucer, and Calvin in order to (a) reveal their particular theological emphases and reading strategies, (b) identify their debates over the use of Jewish exegesis and the factors leading to charges of 'judaizing' leveled against Calvin, and (c) demonstrate how Psalms reading and the accusation of judaizing serve distinctive purposes of confessional identity formation. In this way, she portrays the beginnings of those distinctive trends that separated Lutheran and Reformed exegetical principles.

Asian populations are among some of the fastest growing cultural groups in the US. This book is a comprehensive guide to serving library users from 24 specific Asian countries. It begins with a broad overview of how libraries can better serve Asian communities and then devotes a chapter to each country, providing wealth of valuable resources.
