John Bradshaw is arguably the most accomplished and well-known leader alive today in the addictions field. He taught us about functional and dysfunctional families, showed us how shame could become toxic and poisonous to our core selves, and helped us understand and heal the wounded, vulnerable "inner child" conceived by, and thriving in, that environment. In Post-Romantic Stress Disorder (PRSD), Bradshaw gives readers a clear explanation of the difference between falling in love, lust, and true love. Based on his research, PRSD is a deeply serious psychological disorder and the cause of 40% of all divorces |divorces that could have been prevented. Every day people throw away perfectly good relationships because they just don't know how to navigate the tides, but if they could learn and understand the concepts Bradshaw presents in this book, the portrait of the family unit could have a whole new landscape. Join this great teacher as he opens the gates to a new frontier, tackling issues that threaten and endanger so many modern relationships. Be encouraged as he leads the way to a deeper and more fulfilling spiritual union. As he so eruditely observed some time ago, "As the health of the marriage goes, so goes the health of the family." Yet Bradshaw ladles out hope unlimited?if parents could restore a deep, authentic love for each other it could be passed on to their children and families would actually flourish.

This book, first published in 1997, offers an approach to researching human behavior relating details of interaction to social structure.

Do you find it difficult coming up with thought-provoking conversation starters or topics to discuss with your partner? How to Be Romantic on the Phone: 13 Steps (with Pictures)

This book investigates the scope and significance of Stanley Cavell's lifelong and lasting contribution to aesthetic understanding. Focusing on various strands of the rich body of Cavell's philosophical work, the authors explore connections between his wide-ranging writings on literature, music, film, opera, autobiography, Wittgenstein, and Austin to contemporary currents in aesthetic thinking. Most centrally, the writings brought together here from an international team of senior, mid-career, and emerging scholars, explore the illuminating power of Cavell's work for our deeper and richer comprehension of the intricate relations between aesthetic and ethical understanding. The chapters show what aesthetic understanding consists of, how such understanding might be articulated in the tradition of Cavell following Wittgenstein and J. L. Austin, and why this mode of human understanding is particularly important. At a time of quickening interest in Cavell and the tradition of which he is a central part and present-day leading exponent, this book offers insight into the deepest contributions of a major American philosopher and the profound role that aesthetic experience can play in the humane understanding of persons, society, and culture.

Nearing 70, and in what would be the last decade of his life, H.G. Wells fell in love at least three times - once with the much younger Baroness Budberg, and soon thereafter with two well-born Americans, Constance Coolidge and Martha Gelhorn, 25 and 40 years his junior respectively. These would constitute what Wells himself described as his "last flounderings towards the wife idea", and demonstrate in many ways that Wells was driven less by his considerable intelligence than by his obsession to find his ideal lover - what he called his "lover-shadow". This study looks at this very personal side of H.G. Wells. The self-proclaimed Don Juan was said to have "radiated" energy: intellectual, emotional, physical and sexual. Drawing on papers made public by the Wells estate, the author documents Wells' relationship with each of these femme fatales and paints a vivid portrait of the early part of the 20th century in London, Paris and the US.

Over time, the business of life creeps in and even the most deeply committed couples can feel like they're living parallel lives rather than enjoying life together. Their once happily-ever-after can quickly turn into an endless grind of work, chores, errands and carpool. And the pull of social media becomes more compelling than engaging with one's spouse. In this book, Dr. Greg and Erin Smalley offer practical ways to rekindle the passionate, intimate, heart-to-heart spark of connection between husbands and wives.
