Cotton Trading Manual (CTM) is the first work to provide a comprehensive reference source to the conduct of the complex international cotton market. CTM begins by looking at the history of the cotton trade, and then moves on to assess the current global picture, including a discussion of trends in the market, as well as production and consumption analysis. The third and fourth parts focus on trading in physical cotton and futures respectively. Finally, the last section deals with administrative and management issues within the cotton trade as a whole, such as contracts, insurance and risk management. CTM is an

Pir Vilayat's retreat process was modeled on the ancient alchemical process of transmuting lead into gold, but here it is the human heart, which, purified of its dross, reflects the divine luminosity. Often a few words, a single idea, can prove the catalyst which moves this process from one stage to the next.
