Manual focusing on documenting the occupational therapy process. Each skill is broken down into small steps and taught individually. Includes a template for writing problems, goals, and each section of the SOAP note. Also includes practice worksheets and detachable checklist and summary.

Rely on the guide that has helped thousands of students pass their exams with exactly the practice they need. The 4th Edition mirrors the latest NBCOT exam blueprint and the question formats—multiple-choice and simulation at the difficulty level and in the decision-making style of the actual exam. More than 1,000 questions in five practice exams help you identify your strengths and weaknesses while you improve your test-taking performance.

-- Chapter on the development and use of forms and documentation-- Coverage of computerized documentation-- Thorough updating, including a discussion of the managed care environment and Medicare-- Additional exercises and examples-- Perforated worksheets-- Basic note-writing rules, including the POMR method, are reviewed-- Examples provided of both correct and incorrect note writing

This book provides step-by-step guidelines, tips, and instruction on how to create and write psychotherapy treatment notes. Information and guidance are provided on how to write a treatment intake report, treatment progress notes, and termination summary. A number of sample notes, reports and templates are provided. The book also includes hundreds of representative statements for therapists to use in the design of their own psychotherapy progress notes. A valuable resource for experienced mental health professionals and trainees alike, from the creator of Note Designer therapy note-writing software. "A time-saving reference to capture the essence and the methods of professional note writing for psychotherapists. Easy to apply and great to keep close-by when writing reports and progress notes."

Written specifically for occupational therapy assistants, *The OTA's Guide to Writing SOAP Notes, Second Edition* is updated to include new features and information. This valuable text contains the step-by-step instruction needed to learn the documentation required for reimbursement in occupational therapy. With the current changes in healthcare, proper documentation of client care is essential to meeting legal and ethical standards for reimbursement of services. Written in an easy-to-read format, this new edition by Sherry Borcharding and Marie J. Morreale will continue to aid occupational therapy assistants in learning to write SOAP notes that will be reimbursable under Medicare Part B and managed care for different areas of clinical practice. New Features in the Second Edition:

- Incorporated throughout the text is the Occupational Therapy Practice Framework, along with updated AOTA documents
- More examples of pediatrics, hand therapy, and mental health
- Updated and additional worksheets
- Review of grammar/documentation mistakes
- Worksheets for deciphering physician orders, as well as expanded worksheets for medical abbreviations
- Updated information on billing codes, HIPAA, management of health information, medical records, and electronic documentation
- Expanded information on the OT process for the OTA to fully understand documentation and the OTA's role in all stages of treatment, including referral, evaluation, intervention plan, and discharge
- Documentation of physical agent modalities

With reorganized and shorter chapters, *The OTA's Guide to Writing SOAP Notes, Second Edition* is the essential text to providing instruction in writing SOAP notes specifically aimed at the OTA practitioner and student. This exceptional edition offers both the necessary instruction and multiple opportunities to practice, as skills are built on each other in a logical manner. Templates are provided for beginning students to use in formatting SOAP notes, and the task of documentation is broken down into small units to make learning easier. A detachable summary sheet is included that can be pulled out
