education, marriage, motherhood, and retirement no longer apply. A woman may set up a foundation in her twenties—when she sells her first company, support her family as the primary breadwinner in her thirties, start a new career in her sixties and remarry in her seventies. Today women cycle repeatedly but not in any traditional order through these stages: wealth building, romance and marriage, motherhood, power, crisis and loss, retirement, legacy building. In *The Seven Pearls of Financial Wisdom*, experts Carol Pepper and Camilla Webster offer women one invaluable pearl of wisdom for each of these key areas, helping them move beyond outdated financial-planning ideas to enjoy their power, transforming both their money and their lives.
