Shimano Gears / Shifting / Cables. It's all about efficiency and having a the desired range, or choice, of gears for a given situation. Cyclists benefit from a low gear to accelerate from a standstill, or to climb a steep hill, and at the other end of the scale a high gear helps you to achieve high speeds all without unnecessary over-exertion.

Considered by many professional mechanics to be the final word on the subject of bicycle repair.

## Read Online Shimano Altus Owners Manual

Expanded and updated 2nd edition of the book that covers the history and development of the modern derailleur bicycle-and the gadget that makes it tick: the derailleur gearing mechanism. The Dancing Chain picks up where other bicycle history books leave off: at the introduction of multiple-speed gearing mechanisms at the beginning of the 20th century. 384 pages of text with 1,200 black & white illustrations, including many new Daniel Rebour drawings never before published in any English-language publications.

Cycling is exploding in a good way. Urbanites everywhere, from ironic hipsters to earth-conscious commuters, are taking to the bike like aquatic mammals to water. BikeSnobNYC—cycling's most prolific, well-known, hilarious, and anonymous blogger—brings a fresh and humorous perspective to the most important vehicle to hit personal transportation since the horse. Bike Snob treats readers to a laugh-out-loud rant and rave about the world of bikes and their riders, and offers a unique look at the ins and outs of cycling, from its history and hallmarks to its wide range of bizarre practitioners. Throughout, the author lampoons the missteps, pretensions, and absurdities of bike culture while maintaining a contagious enthusiasm for cycling itself. Bike Snob is an essential volume for anyone who knows, is, or wants to become a cyclist.

Renowned exercise scientist Tudor Bompa provides the latest research, proven programs, and expert advice to improve the athletic performance of young athletes ages 6 to 18. Conditioning Young Athletes offers 182 exercises and 17 programs spanning 14 popular sports, along with
