Strategic And Tactical Considerations On The Fireground ... Quite often, people confuse strategy and tactics and think the two terms are interchangeable in strategic planning, but they're not. According to strategy guru Michael Porter, "Competitive strategy is about being different. It means deliberately choosing a different set of activities to deliver a unique mix of value."

---

This book is written for firefighters, fire officers, and chief officers who hope to improve their firefighting skills. It can be utilized in college fire science courses, or at a fire training academy. It can be beneficial for a candidate preparing for promotion to company or chief officer. Improve readers' understanding with real-world insight and research Blending research and over 40 years of personal experience in the field, Strategic and Tactical Considerations on the Fireground, Fourth Edition, draws on author Chief Smith's career operating in one of the largest fire departments in the United States. This authoritative text covers strategic decisions as well as tactical operations, guiding readers through the process of problem identification and solution response. From planning to incident scene control, this text exposes readers to almost every possible tactical scenario and provides knowledge that can be applied to a variety of complex fire situations. The Fourth Edition is updated and expanded to include information that addresses evolving fire service operational approaches.

This study guide is meant as an accompaniment to the book Strategic and Tactical Considerations on the Fireground, Third Edition written by retired Deputy Chief James P. Smith of the Philadelphia, PA, Fire Department and published by Brady/Prentice-Hall. It is not meant to be an all-inclusive text or to answer all-encompassing questions; it is meant to reinforce the text after it is read. In many cases the questions are narrow in design and emphasize specific points made within the text.

This study guide contains 900 multiple choice questions and answers, and is meant as an accompaniment to the book Strategic and Tactical Considerations on the Fireground, Fourth Edition written by retired Deputy Chief James P. Smith of the Philadelphia, PA, Fire Department, and published by Pearson.

This is a student supplement associated with: Strategic and Tactical Considerations on the Fireground James P. Smith ISBN-10: 0-13-283006-X For fire science Strategy & Tactics courses, for professional development of firefighters and fire officers, and use in preparing for promotional examinations by company officers and chief officers. Blending theory with personal experience, Strategic and Tactical Considerations on the Fireground, Third Edition, features over 40 years of author experience. Using a systems approach, the text covers strategic decisions as well as tactical operations, guiding students through the process of problem identification and solution response. From planning to incident scene control, this text provides knowledge that can be applied to a variety of complex fire situations.

This book has been revised and expanded to include new material on decentralization, further incident reporting, and post-control activities, estate homes, New Millennium multiple dwellings, storage occupancies, strategic considerations of renovation and more."--BOOK JACKET.

The Class Strikes Back examines a number of radical, twenty-first-century workers' struggles characterised by a different kind of grassroots unionism and solidarity.

The third in Robert Greene's bestselling series is now available in a pocket sized concise edition. Following 48 Laws of Power and The Art of Seduction, here is a brilliant distillation of the strategies of war to help you wage triumphant battles everyday. Spanning world civilisations, and synthesising dozens of political, philosophical, and religious texts, The Concise 33 Strategies of War is a guide to the subtle social game of everyday life. Based on profound and timeless lessons, it is abundantly illustrated with examples of the genius and folly of everyone from Napoleon to Margaret Thatcher and Hannibal to Ulysses S. Grant, as well as diplomats, captains of industry and Samurai swordsmen.

Health Care Market Strategy: From Planning to Action, Fifth Edition, a standard reference for nearly 20 years, bridges the gap between marketing theory and implementation by showing you, step-by-step, how to develop and execute successful marketing strategies using appropriate tactics. Put the concepts you learned in introductory marketing courses into action using the authors' own unique model—called the strategy/action match—from which you will learn how to determine exactly which tactics to employ in a variety of settings.
