The GS850's plainness has won it a special— but not cherished—spot in Suzuki showrooms. In fact, Suzuki dealers are getting tired of looking at 850Gs, since models from as far back as 1981 are still available. Even though it won our annual comparison tour in 1979, we, too, hadn't given much thought to the plain-looking GS850.

There has only ever been one man in Frankie's life: her father, Doug Cooper. That is, until she takes the job of amateur jockey at Aspen Valley Racing Stables. Here, she crosses paths with star rider, Rhys Bradford. Her crush on him would be made so much simpler if they didn't both have their eye on the same prize: the coveted ride on Grand National favourite, Peace Offering. In the turbulent run-up to National Hunt's biggest event, questions are raised. What exactly does Doug have against the Bradfords? Is Rhys playing games with her heart? Will Ta' Qali show his true potential in time to warrant his place at Aspen Valley? Why do there have to be so many blasted calories in strawberry cheesecake? And lastly, who exactly is Francesca Cooper? Frankie's curiosity unearths some long-buried secrets that their keepers would rather remain buried. And on a journey of self-discovery that takes in Britain's fiercest steeplechase courses, love will prove her costliest stumbling point.

This brilliant, faultless, impeccably constructed work will maintain its status as an outstanding research tool invaluable both to undergraduate students and to scholars of James. It is unquestionably worthy of 'The Master,' its subject. Choice Called a Shakespeare of the novel and America's only fully realized literary artist by Leon Edel, his prize-winning biographer, Henry James was also one of the most prolific American writers. His massive literary output included approximately 300 critical essays, 134 novels and stories, 15 plays, and some 15,000 letters. A Henry James Encyclopedia offers both the interested reader and committed scholar a wealth of information about James and his work never before available in one volume. More than 3,000 entries summarize each of James's works, describe every fictional and dramatic character in them, identify writers and artists James reviewed, discuss each important man and woman he associated with or wrote to, and define members of his extended family. The extensive encyclopedia section is preceded by a chronology that details important events in James's life. The encyclopedia itself is arranged alphabetically in one continuous set of entries, making it extremely easy to find specific information. Cross references are indicated by asterisks. In addition, twelve appendices list James's works, contacts, and characters by type (Plays, Friends of James, Actors, Actresses, Theater Managers, Composers, and Singers Mentioned by James, and so on). A bibliography completes the volume. The only book of its kind ever produced for an American writer, A Henry James Encyclopedia will be an indispensable source for Jamesian scholars as well as for students just beginning their study of his work. As such, it is an important acquisition for every American literature collection.

Punk isn't a sound--it's an idea! In its history, K Records has fostered some of independent music's greatest artists, including Bikini Kill, Beat Happening, Built to Spill, Beck, Modest Mouse, and the Gossip. In 1982, K Records released its first cassette and put its own spin on punk's defiant manifesto: You don't need anyone's permission to make music. Thirty years later, the label continues to operate in the underground while rightfully claiming a role as one of the most transformative engines of modern independent music. It has also galvanized the international pop underground, helped create the grunge scene that took over pop culture, and provided a launching pad for the riot grrrl movement that changed the role of women in music forever. Love Rock Revolution tells the story of how it all happened, recounting the early journeys of K Records founder Calvin Johnson from the punk mecca of London to the hardcore clubs of Washington, D.C., in the late-'70s, the creation of K Records in the '80s, the label's role in revolutionizing independent music in the '90s, and its struggle to survive that revolution with its integrity intact. From the Trade Paperback edition.

A critical description of our planet and its human species as viewed by interested galactic visitors over a lengthy period of time. The presentation of fantastical opportunities for our people.
