The seminal, uncollected essays—lauded as “dazzling” (The New York Times Book Review)—by the late Christopher Hitchens, author of the #1 New York Times bestseller *God Is Not Great*, showcase the notorious contrarian’s genius for rhetoric and his sharp rebukes to tyrants and the ill-informed everywhere. For more than forty years, Christopher Hitchens delivered essays to numerous publications on both sides of the Atlantic that were astonishingly wide-ranging and provocative. His death in December 2011 from esophageal cancer prematurely silenced a voice that was among the most admired of contemporary voices—writers, readers, pundits and critics the world over mourned his loss. At the time of his death, Hitchens left nearly 250,000 words of essays not yet published in book form.

“Another great book of essays from a writer who we wish were still alive to produce more copy” (National Review), *And Yet...* ranges from the literary to the political and is a banquet of entertaining and instructive delights, including essays on Orwell, Lermontov, Chesterton, Fleming, Naipaul, Rushdie, Orhan Pamuk, and Dickens, among others, as well as his laugh-out-loud self-mocking “makeover.” The range and quality of Hitchens’s essays transcend the particular occasions for which they were originally written, yielding “a bounty of famous scalps, thunder-blasted targets, and a few love letters from the notorious provocateur-in-chief’s erudite and scathing assessments of American culture” (Vanity Fair). Often prescient, always pugnacious, formidably learned, Hitchens was a polemicist for the ages. With this posthumous volume, he remains, “America’s foremost rhetorical pugilist” (The Village Voice).

"Your guide to the world of Glock. Gaston Glock's revolutionary pistol is recognized as one of the most important and innovative firearms designs of the last 50 years. Since its introduction in 1983, the Glock has become the preferred autoloading pistol for countless law enforcement and government agencies, military units, competitive and recreational shooters, and private citizens. ... This first-of-its-kind book provides comprehensive, hands-on coverage and testing of all Glock pistols..."--Page [4] of cover.

What happened at 10 Rillington Place was so shocking and gruesome that even today everyone over a certain age still remembers the case with a shudder. In 1950, Timothy Evans was hanged for the violent murder of his baby daughter; he was also assumed to have murdered his wife. Then, less than three years later, another tenant, John Christie, was found to have killed at least six women, hiding their bodies in the garden, under floorboards and in a concealed kitchen alcove. Christie followed Evans to the gallows. It seemed unlikely that two murderers were living at 10 Rillington Place, and the evidence that emerged

in the Christie case eventually led to Evans receiving a pardon. But there was also circumstantial evidence that Evans had indeed killed his wife and child. Crime student Edna Gammon firmly believes that Evans was guilty. In *A House To Remember*, she explains why.

Combat Shooting with Massad Ayoob is written by America's best-known combat pistol shooter, Massad Ayoob, who is credited with the idea of "stress fire." In this book, Massad speaks about mindset and jumps right into the aspects of learning combat shooting. Next, he highlights three gunfighters—Wyatt Earp, Colonel Charles Askins and Jim Cirillo—and the lessons we can learn from each. Lastly, Ayoob shares his perspective on the importance of competition as training before closing with a discussion of the choices involved in being responsibly armed.
